Remit \$15 86 of the deduction noted in report for week ended April 18, 1885, it having been shown by corrected register for March, 1885, from postmaster at Wapello and certificate of the mail-carrier, indorsed by the postmaster at New Boston, that carrier arrived at and departed from Wapello March 27, 28, 30, and 31, and failed on only 2 miles both ways of route March 4, 5, 6, 7, 9, 10, 11, 13, 14, 16, 17, 18, 19, 20, 21, and 26.

Remit 1 79, the deduction noted in report for week ended April 25, 1885, it having been shown by certificate of postmaster's that there was no failure February 9, simply a delay.

Remit 41 57 of the deduction noted in report for week ended February 7, 1885, it having been shown by the statement of W. M. Rank, agent of the D. & R. G. W. Rwy., at Ogden City, corroborated by the statement of J. L. Wilder, superintendent of railway mail service, that the mail arrived at Ogden December 24 and departed therefrom December 25, 1884, on time, in charge of R. P. clerk F. E. Whitney.

Remit \$0 54 of the deduction noted in report for week ended May 2, 1885; it having been shown by certificates of postmasters at Clarksborough and Millborough that carrier performed service on 2 miles of the route on January 16 and 17, 1885.

Remit 72 of the deduction noted in report for week ended April 25, 1885; it having been shown by certificate of postmaster at Deal's Island, Md., that the contractor performed 6 miles both ways February 17, 1885.

Remit 7 70 of the deduction noted in report for week ended April 25, 1885; it having been shown by certificate of postmaster at Clear Spring, Md., that the contractor performed service on December 20, 22, 24, 27, 1884, January 3, 5, 6, 7, 22, 28, March 4, 5, 6, 7, 1885, to within a short distance of Cherry Run post-office, which he was unable to reach on account of the ice on river.

Remit 5 00 of the fine noted in report for week ended July 18, 1885; it having been shown that no failures to connect occurred during the quarter, and no serious complaint was made; also, it appears that on the curtailment of the route the schedule time was not properly reduced.

Remit 1 96 of the deduction noted in report for week ended May 2, 1885; it having been shown by evidence received from the postmaster at Wood Lake and Granite Falls that service was performed March 3 and 31, 1885.

Remit 75 of the deduction noted in report for week ended April 11, 1885; it having been shown by letter from the postmaster at Knoxville, Iowa, that the carrier failed to perform service over only 2 miles each way of the route February 10, 1885.

fiscal year ending June 30, 1886—Continued.

AUGUST 1, 1885, INCLUSIVE—Continued.

Date of delinquency.	Place of delinquency.	Nature of delinquency.	DECISION.	
			Fines.	Deductions.
Remit \$3 35 of the deduction noted in report for week ended February 7, 1885; it having been shown by the certificate of the postmaster at Bradfield and the affidavit of the subcontractor that service was performed over 30 miles and return December 29 and 30.				
Remit 2 00 of the fine noted in report for week ended May 21, 1885; it having been shown by the statement of the postmaster at Peace Valley and West Plains that the failure of the carrier to make schedule time was due to impassable roads and not to fault or negligence, and they recommending that the fine be remitted.				
Remit 2 78 of the deduction noted in report for week ended April 11, 1885; it having been shown by a corrected register of arrivals and departures for March of postmaster at Independence that an arrival and a departure occurred at that office March 23.				
Remit 559 39 of the deduction noted in report for week ended July 11, 1885; it having been shown by a re-examination of the evidence in the case that there were no failures at Laredo, Tex., on route 31007 to arrive May 8, 12, and to arrive and depart May 9, 11, 13, 14, 15, 16, 1885, as charged; that the registers of the postmaster were erroneously numbered, and that the failures should have been charged to the Texas Mexican Railway Company's route 31016; it also appearing from the correct report that the company failed to depart from Laredo with the mail May 2, 1885.

Remit \$0 58 of the deduction noted in report for week May 2, 1885, it having been shown by affidavit of contractor that service was performed on 6 of the 20 miles deducted for, on January 17, 1885.

Remit 5 00, the fine noted in report for week ended July 18, 1885, it having been shown that the failure at Ringwood was caused by late arrivals of the trains at Tunnelton, the carrier waiting to connect there at the request of the postmaster.

June 15, 16, 2 48, the deduction noted in report for week ended July 25, 1885, it having been shown by corrected report from postmaster, that mail departed June 15, 16.

do	do	do		502 84

Remit \$0 85 of the deduction noted in report for week ended July 18, 1885, it having been shown that all but 2½ miles of the service was performed April 17, 1885.

Remit 10 53 of the deduction noted in report for week ended January 24, 1885, it having been shown by the records in the contract office of this division two round trips were performed October 20 to 25, 1884, which have been recognized and charged to the contractor.

Remit 16 50, the amount noted in report for week ended August 1, 1885, it having been shown the monthly registers for May and June, 1885, have this day been received and service duly performed for those months without failure.

Remit 0 47 of the deduction noted in report for week ended April 25, 1885, it having been shown by the corrected report of the postmaster at Francisco, that the full trip was made of January 24.

Remit 2 38 of the deduction noted in report for week ended May 2, 1885, it having been shown by the certificate of the postmaster at Winterfield, that on that date when failure to arrive and depart at Vogle Center was charged service was performed to within 2 miles of that point.

Remit 1 60, the deduction noted in report for week ended May 2, 1885, it having been shown by statement of the postmasters at Frankfort and Traverse City, that the full number of trips was made in February, although on irregular days.

Remit 3 87 of the deduction noted in report for week ended May 2, 1885, it having been shown by the affidavit of carrier and statement of postmaster at Glen Haven, that on the dates when failures were charged service equivalent to 11 miles both ways was performed.

Remit 0 67 of the deduction and fine of \$2 noted in report for week ended July 25, 1885, it having been shown by the certificate of the postmaster at Claremont, that the carrier performed the service June 3, 1885, instead of June 2, being delayed by bad roads. It has been shown by letter of the postmaster at Claremont, and affidavit of the patrons of the Ellington post-office, that the failure by carrier to observe schedule was caused by a change in the running time of mail trains, and an order having been made August 12, 1885, changing the schedule on this route.

fiscal year ending June 30, 1886—Continued.

AUGUST 22, 1885, INCLUSIVE—Continued.

Date of delinquency.	Place of delinquency.	Nature of delinquency.	DECISION.	
			Fines.	Deductions.

Remit \$82 00 of the deduction noted in report for week ended April 11, 1885, it having been shown by affidavit of John V. D. Loomis, superintendent of the T. V. & C. Railroad Company, and the statement of the postmaster at Cuba, N. Y., and a review of the evidence in the case, that on February 9, 10, 17, 18, 19, 20, 21, 23, 24, 25, March 2, 3, 4, 5, 9, 12, 13, 16, 17, 20, 21, 23, 24, 25, 26, 27, 28, and 30, 1885, there was an aggregate of 600.69 miles both ways more service performed by the company (by train and team) than it was credited with.

Remit 26 52 of the deduction noted in report for week ended April 18, 1885, it having been shown by the affidavit of N. Backley, general manager of the C., W. & M. Railroad, and a review of the evidence in the case, that on February 9, 10, 11, 16, 1885, the company ran its trains and carried the mails an aggregate of 255.62 miles one way more than it was credited with.

Remit 1 99 of the deduction noted in report for week ended April 18, 1885, it having been shown by the affidavit of D. J. Mackey, superintendent of the E. & I. Railroad Company, that the failures at Evansville, Ind., to connect with depending mails January 27, 1885, was not due to negligence, misconduct, or want of proper skill on the part of the agents and employés of the company.

Remit 3 13 of the deduction noted in report for week ended July 25, 1885, it having been shown by late evidence that all but 8½ miles of the trip of May 25, 1885, was performed; that the failures of June 12, 15, 17, 19, 1885, were caused by the breaking down of a bridge, causing extra travel.

Remit 19 37 of the deduction noted in report for week ended May 16, 1885, it having been shown that the service was performed in March, except three partial trips of 22 miles each, which, with the failures already reported, would make the deduction proper in this \$32.49, instead of that already made.

AUGUST 29, 1885, INCLUSIVE.

Feb. 8, 1881, to Dec. 21, 1884...	Between Volusia and Astor	Failure to perform service.....	\$83 70

Oct. 18, 1884; June 3, 1884	Wickes.....	do	
June, 1885	On the route.....	No evidence of service.....	49 18

Remit \$14 88 of the deduction noted in report for week ended April 18, 1885, it having been shown by the statement of R. C. Jackson, Superintendent Railway Mail Service, that the service was performed on route 6107, Mechanicsville to Eagle Bridge, February 11, 18, and 19, 1885.

Remit 1 68 of the deduction noted in report for week ended April 25, 1885, it having been shown by the statements of D. Jones, comptroller of the P. and R. Railroad Company, and T. B. Stiles, postmaster at Atsion, that the failure to deliver the mail at that place March 4 11, 1885, was the fault of the railway postal clerk, or his substitute, in not putting it off the train, and not of the railroad company.

Remit 8 14 of the deduction noted in report for week ended April 18, 1885, it having been shown by the affidavits of T. A. Switz and E. B. Thomas, general manager of the C., C., C. and I. Railway, that the failure to run a postal car on the train numbered 3, January 31, 1885, was caused by a wreck near New London, Ohio, but that the mail was transferred to a baggage car, supplying all facilities, and sent forward on same train, arriving at Indianapolis at 9.10 p.m. on the date named.

Remit 108 08 of the deduction noted in report for week ended April 25, 1885, it having been shown by the affidavits of E. W. Armstrong, superintendent, and F. N. Dunn, train dispatcher of the middle division of the W., St. L. and P. Railway Company, corroborated by the statement of J. E. White, Superintendent Railway Mail Service, that the railroad company ran its trains and received and delivered the mail at White Heath and Decatur daily, except Sundays, during the month of January, 1885.

fiscal year ending June 30, 1886—Continued.

AUGUST 29, 1885, INCLUSIVE—Continued.

Date of delinquency.	Place of delinquency.	Nature of delinquency.	DECISION.	
			Fines.	Deductions.
Remit \$82 92		of the deduction noted in report for week ended April 11, 1885, it having been shown by the statement of J. E. White, Superintendent Railway Mail Service, that the train numbered 7 of February 9 arrived at Council Bluffs with the mail at 1.30 a. m. of the 10th, and it appearing from the report of the postmaster that train No. 7 of February 10, 1885, also arrived with the mail on time.		
Remit 55 11		of the deduction noted in report for week ended May 9, 1885, it having been shown by the affidavits of J. R. Hardy, superintendent, and G. M. Hohl, chief train dispatcher of the K. C., St. J. and C. B. Railroad Company, that the failures of train No. 2, January 24, February 22; No. 4, January 5, 15, 24, 28; No. 8, January 24, February 20, 25; No. 12, January 1, February 6, 1885, to connect with depending mails at Kansas City, Mo., were not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.		
Remit 65 59		of the deduction noted in report for week ended November 1, 1884, it having been shown by the affidavit of A. L. Horner, assistant superintendent of D. and R. G. W. Railroad Company, and a review of the evidence in the case, that trains carrying the mails were run as follows, to-wit: One way between Acheron and Green River, 80.88 miles, July 12, 13, 14, and one way between State Line and Blake, 82.88 miles, July 17, 18, 19, 1884 (an aggregate of 491.26 miles one way).		
Remit 17 85		of the deduction noted in report for week ended April 11, 1885, it having been shown by the affidavit of S. E. Crance, superintendent of the H. and St. Jo. Railroad Company, that the failures at Kansas City, Mo. of train No. 1, January 13, 24, 26, February 9, and No. 3, February 18, 1885, to connect with depending mails were not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.		
Remit 88		of the deduction noted in report for week ended April 25, 1885, it having been shown by the second set of registers sent by the postmaster at Sterling Station and Sterling Valley for the first quarter, 1885, that the contractor failed on 9 round trips during the quarter instead of 11 round trips.		
Remit 96		of the deduction noted in report for week ended January 31, 1885, it having been shown by certificate of Postmaster, Darysaw and Sheridan that failure of December 29, 1884, extended only over 4 miles, instead of 11 miles, so that deduction should be 50 cents.		
Remit 6 23		of the deduction noted in report for week ended August 2, 1884, it having been shown by certificate of Postmaster, Darysaw and Sheridan, also a re-examination of the case, that the failures of April 21 and 28 and May 5, extended only over 4 miles (each date), so that deduction should be \$1.66		
Remit 37 80		of the deduction noted in report for week ended February 25, 1885, it having been shown by a re-examination of all the evidence in this case that the failures in January were as follows: Wharton, January 16, 19, 21, 23, 26, to arrive; January 15, 17, 22, 24, to depart. Matagorda, January 12, 13, 14, 15, 16, 19, 20, 21, 22, 23, 24, 26, 30, 31, to arrive; January 12, 13, 14, 15, 16, 17, 19, 20, 21, 22, 24, 26, 27, 31, to depart; and that these failures were due to bad roads and high water, so that deduction should be \$84.		
Remit 41 21		of the deduction noted in report for week ended May 2, 1885, it having been shown on re-examination of this case that the contractor is erroneously charged with failure at Matagorda to arrive and depart February 1, 1885.

July 13 and 14, 1885	do	Failure to perform service.....	}	9 84
After July 13, 1885.....	do	Mail carried on railroad		

Remit \$1 15 of the deduction noted in report for week ended July 18, 1885, it having been shown by affidavit of the mail carrier that service was performed within 7.50 miles of Wadena June 12, 1885, and that he was prevented from performing the whole service June 12, and 13, 1885, because of bridges being washed away.

Remit \$2.40, the deduction noted in report for week ended August 1, 1885, it having been shown on re-examination of this case that the failure to arrive and depart at Cameron May 29 was made by an arrival and departure June 1, without complaint and without detriment to the service.

Remit 6.10, the deduction noted in report for week ended July 25, 1885, it having been shown by that failures to depart from Bellevue on May 21 resulted from no fault of carrier, but through postmaster's neglect to be on time to deliver mail, the said carrier having waited half an hour after schedule time.

Remit 49.18, the deduction noted in report for week ended August 15, 1885, it having been shown by evidence for the month of June, 1885, that service was performed regularly and properly.

Remit 12.60 of the deduction noted in report for week ended April 11, 1885, it having been shown by affidavit of R. Wells, general superintendent or manager for the Louisville and Nashville Railroad Company, that the failure of No. 3 to connect with depending mails at Nashville, February 21, 1885, was not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.

Remit 63.83 of the deduction noted in report for week ended April 11, 1885, it having been shown by the affidavit of R. Wells, general manager of the Louisville and Nashville Railroad Company, that the failures of No. 51 at Nashville to connect December 19, 1884, January 9, 10, 11, February 10, 11, 12, 16, 17, 18, 26, 27, and March 12, 1885, were not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.

Remit 18.46 of the deduction noted in report for week ended July 19, 1884, it having been shown by affidavit of P. A. Bonebroke, chief train-dispatcher of the Pittsburgh, Cincinnati and Saint Louis Railroad Company, that the failure of train No. 1, April 19, 1884, to connect with depending mails at Indianapolis was not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.

Remit 44.96 of the deduction noted in report for week ended October 18, 1884, it having been shown by affidavit of P. A. Bonebrake, chief train-dispatcher of the Pittsburgh, Cincinnati and Saint Louis Railroad Company, that the failures at Indianapolis of train No. 7, July 25, 1884, to connect, and train No. 1, July 5, 1884, to connect, were not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.

Remit 5.97 of the deduction noted in report for week ended April 18, 1885, it having been shown by affidavit of M. Mounts, train-dispatcher or master of the Cincinnati, Hamilton and Indianapolis Railroad Company, that the failures of train No. 6, February 4, and No. 36, January 22, 1885, to connect with depending mails at Indianapolis were not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.

Remit 14.83 of the deduction noted in report for week ended January 17, 1885, it having been shown by the affidavit of P. A. Marsh, train master of the Indianapolis, Bloomington and Western Railroad Company, that the failures at Indianapolis of train No. 4 to connect with depending mails October 23, December 29, 1884, were not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.

Remit \$1.55 of the deduction noted in report for week ended April 25, 1885, it having been shown by the affidavit of John Sayer, assistant treasurer of the L. & H. R. Railroad Company, that the failure at Belvidere to connect with depending mails February 28, 1885, was not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.

Remit 26.46 of the deduction noted in report for week ended April 18, 1885, it having been shown by the affidavit of T. Reynolds, train-dispatcher, of the I. B. & W. Railroad Company, that the failure of train number 3, January 17, 1885, to connect with depending mails at Indianapolis, was not due to negligence, misconduct, or want of proper skill on the part of the agents and employes of the company.

Remit 3.39 of the deduction in report for week ended April 18, 1885, it having been shown by the affidavit of J. J. Turner, superintendent of the I. V. Railroad Company (operated by the Pa. Company), that the failure at Indianapolis of train No. 2, January 27, 1885, to connect with depending mails was not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.

Remit 3.25 of the deduction noted in report for week ended April 18, 1885, it having been shown by the affidavit of E. W. McKenna, superintendent, that the failure of train No. 1 to connect with depending mails at Indianapolis, January 17, 1885, was not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.

Remit 148.80 of the deduction noted in report for week ended April 18, 1885, it having been shown by the affidavit of P. A. Marsh, train-master, that the failures of train No. 2, January 26, February 10, 16, 20, 26, 27,, and No. 4, January 20, 28, 29, February 5, 11, 15, 16, 17, 18, 19, 23, 24, 26, 27, 1885, to connect with depending mails at Indianapolis were not due to negligence, misconduct, or want of proper skill on the part of the agents and employes of the company.

Remit 36.56 of the deduction noted in report for week ended April 25, 1885, it having been shown by the affidavit of P. A. Marsh, train-master, that the failures at Indianapolis, of train No. 22, January 17, February 11, 13, 16, 17, 1885, to connect with depending mails, were not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.

Remit 218.17 of the deduction noted in the report for week ended May 9, 1885, it having been shown by the affidavit of C. Kelsey, auditor of the C. & A. Railroad Company, that the failures of train No. 6, January 7, 8, 17, 24, 27, 28, February 2, 6, 27, 28, March 1, 4, 18, 21; No. 48, January 16, 17, 21, 27, February 26, 27, and No. 50, January 7, 8, 15, 19, 25, 1885, to connect with depending mails at Kansas City, was not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.

Remit 25.83 of the deduction noted in report for week ending May 9, 1885, it having been shown by the affidavit of L. Barnes, superintendent of the S. Kansas Railroad Company, that the failures of train No. 3, January 16, 27, 29, and No. 4, January 16, 17, 27, 31, February 1, 24, 1885, to connect with depending mails at Kansas City, were not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.

Remit 6.70 of the deduction noted in report for week ended November 18, 1884, it having been shown by the affidavit of W. O. Miller, passenger conductor, and L. W. Towne, superintendent of the K. C., Ft. S. & G. Railroad Company, that the failure at Kansas City, to connect with depending mails August 29, 1884, was not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.

Remit \$25.52, the fine noted in report for week ended May 9, 1885, it having been shown by certificates of the postmasters on the route verifying the statement of the subcontractor that he was misled by the postmaster at Hill, a special office, who informed the subcontractor that it was his duty to supply that office, and in order to do so it made a circuitous performance of the service necessary, when in fact he was not bound to supply Hill, which is not on the route.

Remit 10.03 of the deduction noted in report for week ended May 9, 1885, it having been shown by corrected register for March of postmaster, Blountsville, and statement of J. M. Wooten, subcontractor, that 16 miles one way only were lost during first quarter 1885, and that 32 miles one way were lost during the second quarter 1885, for which no deduction had been made, and it appearing that all should be remitted except for failure one way over 48 miles.

Remit 20.52, the deduction noted in report for week ended August 15, 1885, it having been shown by certificate of the assistant postmaster at Slettin, Minn., that service was properly performed from May 1 to June 30, 1885.

Remit 16.56, the deduction noted in report for week ended August 8, 1885, it having been shown by a register of arrivals and departures (on file), of postmaster, Rayville, for June, received since making this case that service was regularly performed to and from that office three times a week in June.

fiscal year ending June 30, 1886—Continued.

SEPTEMBER 12, 1885, INCLUSIVE—Continued.

Date of delinquency.	Place of delinquency.	Name of delinquency.	DECISION.	
			Fines.	Deductions.

Remit \$9.62, the deduction noted in report for week ended August 8, 1885, it having been shown by registers of arrivals and departures of postmaster at Whitman for April, May, and June, received since making this case, that "the mail came once a week on time required" (said register returned to the postmaster at Whitman to be properly made out).

Remit 20.10, the deduction noted in report for week ended August 8, 1885, it having been shown by a register of arrivals and departures of postmaster at Cypress (received since making this case) for May, that service was regularly performed to and from that office in May; 2d, certificate of postmaster, Bermuda, that service was regularly performed over the entire route during the quarter; 3d, the route being only 5 miles long, no intermediate offices.

Remit 14.39 of the deduction noted in report for week ended August 8, 1885, it having been shown by a register of arrivals and departures of postmaster, Atoka, for June (received since making this case), that service was regularly performed in June to and from that office three times a week, except the following failures June 9, to arrive and depart.

Remit 37.50, the deduction noted in report for week ended August 8, 1885, it having been shown by registers of arrivals and departures (on file) of postmaster, Berryville, for April, May, and June, 1885, received since making this case, that service was regularly performed to and from that office twice a week.

SEPTEMBER 19, 1885, INCLUSIVE.

May 26, 1885.....	On the route.....	Route abandoned by mail car.	}	\$26 37
July, 1885.....	do	rier. No evidence of service.		
Apr. 1 to 30, and May 21 to June 30, 1885.	do	Failure to perform service....		29 26
Apr. 1 to 30, 1885.	Between Fitchett's and Freeport.	Failure to perform more than once a week.		86 50

Remit \$0 15 of the deduction noted in report for week ended August 1, 1885. It having been shown by the certificate of the postmaster at Lawley that the failures May 26 and 29, 1885, were on 42 miles of the route only.

Remit 1 05 of the deduction noted in report for week ended May 9, 1885. It having been shown by the affidavit of J. Hubbard, subcontractor, that there was no failure January 9, 1885, but that the trip was made on that day, which allegation is not contradicted by the record.

Remit 2 76 the deduction noted in report for week ended May 9, 1885. It having been shown by an examination of the register of arrivals and departures of the mails that the full number of trips was performed during February, 1885, though some of them not on schedule days, owing to high water, &c.

Remit 1 56 of the deduction noted in report for week ended May 9, 1885. It having been shown by the affidavit of the carrier, J. Covington, that the failure of March 28, 1885, was on 11 miles of the trip only.

Remit 316 87 of deduction noted in report for week ended January 24, 1885. It having been shown by Post-Office Inspector Hollingsworth, transmitted by Chief Post-Office Inspector, in reply to request of March 24, that high waters did prevail during this quarter to such an extent that service could not have been performed regularly with the exercise of due diligence on the part of the contractor, and recommending remission of so much of deduction as in excess of pro rata.

Remit 14 42 the deduction noted in report for week ended August 8, 1885. It having been shown register of arrivals and departures of Postmaster Elba, for June, received since taking this case (on file), that service was regularly performed to and from that office in June.

Remit 3 33 of the fine noted in report for week ended August 1, 1885. It having been shown by letter of postmaster New Orleans, September 9, 1885, with statements of Superintendent of Mails Scott, and Railway Post-Office Clerk Davis, that a wreck of train on New Orleans and Mississippi Railroad occurred at some distance from station, and failure to convey the mails from such wreck to the post-office in due time was not due to negligence on the part of contractor.

fiscal year ending June 30, 1886—Continued.

SEPTEMBER 19, 1885, INCLUSIVE—Continued.

Date of delinquency.	Place of delinquency.	Nature of delinquency.	DECISION.	
			Fines.	Deductions.
Remit \$375 00		the deduction noted in report for week ended April 18, 1885. It having been shown by affidavits of J. Carroll, J. C. Hunter and Edwin Goodall that all irregularities in the service were owing solely to the difficulties of navigation, and it appearing from the registers of the postmaster that there were four departures from Port Townsend during the period from December 1, 1884, to March 2, 1885, to wit: December 7 and 30, 1884, January 30, and March 2, 1885.		
Remit 3 51		the deduction noted in report for week ended April 18, 1885. It having been shown by statements of postmasters at Ayer and Greenville, and W. H. Bigelow, superintendent railroad mail service at Boston, that the failure to deliver mail at Ayer January 29 was due to sickness of Mr. S. W. Clifford, of the Greenville and Boston railroad post-office, and that the failure at Greenville to arrive and depart with the mail February 18, 1885, was owing to a snow blockade on the Central Vermont Railroad, whereby the railroad postal clerks failed to reach Boston in season to forward mails by Providence and Springfield branch of the Fitchburgh Railroad and not to any fault of the company.		
Bemit 25 09 of		deduction noted in report for week ended April 25, 1885. It having been shown by statement of O. H. Benton, superintendent of mails, Memphis, and a re-examination of the evidence in the case, that the mail due to arrive at Memphis at 10.10 p. m. February 8, 1885, arrived on the 9th at 12.35 a. m., that the mail due to arrive at 10.10 p. m. February 9, arrived at 12.20 a. m. February 10, and that the mail of the 10th arrived on time (10.10 p. m.).		
Remit \$19 65 of		the deduction noted in report for week ended April 18, 1885. It having been shown by the affidavit of A. S. Nichols, general agent of the L. N. A. & C. R. R. Co., and a re-examination of the evidence in the case, that the mail due to arrive at Michigan City at 7.30 p. m. January 6, 1885, arrived on the 17th at 8.30 a. m., and that the mail of the 17th arrived on the 18th (Sunday), at 4 a. m., 8 hours and 30 minutes late.		
R emit 5 00,		being the fine noted in report for week ended July 25, 1885. It having been shown by the statement of the postmaster at Jefferson that that place is a flag station, and that the railroad company was not responsible for the failure of March 16 and 17, 1885.		
Remit 65 of		the deduction noted in report for week ended April 18, 1885. It having been shown by the affidavit of T. M. Bates, superintendent of transfer of the C. & A. R. R. Co., that on February 9, 10, 13, and 14, 1885, the company performed an aggregate of 9.22 miles one way more service than it was credited with.		
Remit 15.86 of		the deduction noted in report for week ended May 16, 1885. It having been shown by corrected reports from the postmaster at Pontiac that the railroad company ran its trains and performed all the service during the quarter ended March 31, 1885, except the following: Half trip January 26, February 9, 14, 16, 17, and round trip February 10, 11, 12, and 13, amounting to \$94.77.		
Remit 13 40 of		the deduction noted in report for week ended August 8, 1885. It having been shown by affidavit of O. Runnel, agent of the company, and a review of the evidence in the failure of January 9, 1885, was one way between Milford and Frisco, Utah T., 17.50 miles.

Apr. 1 to 2, 1885.....	On the route.....	Failure to perform service ...	40

Remit \$125 00, the fine noted in report for week ended April 25, 1885. It having been shown by report of Inspector Tracy, dated July 30, 1885, that the failures to connect at Payson were caused by the misconduct of the acting postmaster, who willfully returned to Globe mail intended for Camp Verde, and otherwise interfered with the proper discharge of the carrier's duties.

Remit \$201 66 of the deduction noted in report for week ended April 25, 1885. It having been shown that the roads were impassable, and it appearing that there were no mails to transport between Newton and Newport (the termination of the railroad being at Corvallis) it is considered that no deduction in excess of pro rata should be made for failures between Newton and Newport (24 miles.)

fiscal year ending June 30, 1886—Continued.

SEPTEMBER 26, 1885, INCLUSIVE—Continued.

Date of delinquency.	Place of delinquency.	Nature of delinquency.	DECISION.	
			Fines.	Deductions.

Remit \$150 00 of the fine noted in report for week ended July 23, 1885. It having been shown by certificates of all the postmasters on the route, excepting one, and the affidavit of James Laird, superintendent of the mail route, and the indorsement of Hon. B. Hermann, M. C., that the delay in arrival of the mails at Empire City from February 17 to April 30, 1885, was necessitated by the dangerous condition of roads at that time, it being absolutely unsafe to travel nights, and that no connections were missed at either end of the route by reason of such delay.

Remit 2 36, the deduction noted in report for week ended April 25, 1885. It having been shown by affidavit of J. B. Glover, superintendent of the Marietta and Northern Georgia Railroad Company that the failure at Marietta to connect with depending mails January 29, 1885, was not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.

Remit 50 00 the fine noted in report for week ended April 11, 1885. It having been shown that the evidence in this case is of such a general character that the responsibility cannot be fixed upon the agent of the company with certainty, and it also appearing that there was an agent employed by the Department to superintend the transfer of mails at La Fayette Junction, who neglected his duty.

Remit 18 42 of the deduction noted in report for week ended April 21, 1883. It having been shown by affidavit of E. W. Winter, assistant pt. of the Chicago, Saint Paul, Minneapolis and Omaha Railroad Company, corroborated by the statement of the postmaster at Hudson, and a re-examination of the evidence in the case, that there was no failure to arrive at Hudson January 6, as charged; that the mail due to arrive at that place at 3.50 p. m., February 5, 16, and 23, 1883, arrived at 6.30 a. m. of the 6th, 12.30 p. m. of the 17th, and 3 a. m., of the 24th, respectively, and that the mail of 6, 17, and 24, also arrived at 7 p. m., 7.30 p. m., and 7 p. m., respectively.

Remit 3 42 of the deduction noted in report for week ended November 3, 1883. It having been shown by a re-examination of the register of arrivals and departures for March, 1883, that the mail due to arrive at Superior at 7.35 p. m. March 30, 1883, arrived at 8.45 a. m. on the 31st, and that the mail of the 31st also arrived at 6 p. m.

Remit 116 80 of the deduction noted in report for week ended May 7, 1881. It having been shown by affidavit of E. L. Dudley, superintendent, and Charles E. Mallory, car accountant, of the Central Iowa Railroad Company, and a re-examination of the evidence in the case that on January 3, 4, 6, 7, 14, 26, 27; February 3, 4, 10, 11, 25; March 3, 5, 7, 8, 9, 16, 18, 21, 1881, the company performed an aggregate of 929.83 miles one way more service than it was credited with.

OCTOBER 3, 1885, INCLUSIVE.

Date of delinquency.	Place of delinquency.	Nature of delinquency.	Amount
Aug. 25, 1885.....	On the route.....	Failure to perform service.....	\$0 27
Aug. 9, 1885.....	do.....	Failure to perform service.....	54
Sept. 2 to 10, 1885.....	do.....	Failure to perform service.....	1 47
Aug. 22, to Sept. 8, 1885.....	do.....	Service performed by postmaster.....	9 31
July 19, 1885.....	do.....	Failure to perform service.....	13
July 22 to 31, 1885.....	do.....	Failure to perform service.....	1 47
July 1 to Aug. 31, 1885.....	do.....	Failure 4 trips.....	32

Remit \$18 75, the deduction noted in report for week ended August 22, 1885. It having been shown by a certificate of the postmaster at Bay Springs that service was regularly performed during the months of May and June, 1885.

Remit 8 69 of the deduction noted in report for week ended July 25, 1885. It having been shown by the statement of the postmasters at Gallipolis and Point Pleasant that full service was performed during the whole of the month of June between Point Pleasant and Gallipolis.

Remit \$3.49, the deduction noted in report for week ended July 11, 1885, it having been shown by letter of postmaster at Brooksville, dated August 22, that the carrier arrived without mail on June 24 (a wreck of the mail train causing detention), and that no departure was required on June 20.

Remit 9.38, the deduction noted in report for week ended August 22, 1885, it having been shown by certificate of postmaster at Central Grove that service was regularly performed during the months of April, May, and June, 1885; also satisfactory evidence from postmaster at Cotton Gin Port that service was regularly performed over the entire route during December, 1884.

Remit 5.10 of the deduction noted in report for week ended July 25, 1885, it having been shown by certificate of postmaster at Brown's Grove that full number of trips were performed to his office during the quarter ended June 30.

fiscal year ending June 30, 1886—Continued.

OCTOBER 31, 1885, INCLUSIVE—Continued.

Date of delinquency.	Place of delinquency.	Nature of delinquency.	DECISION.	
			Fines.	Deductions.
Aug. 6, 9, 10, 29, 30, 1885	Norfolk	Failure to connect		\$37 70
July, 1885	Tryon	Failure to supply 6 times a week	\$52 96	
Aug. 4, 1885	do	Failure to supply 4 times a week		
Sept., 1885	do	do		

Remit \$0 94 of the deduction noted in report for week ended October 17, 1885, it having been shown by late evidence that the failures of the 17th and 24th of September were not intentional.

Remit 4 59 of the deduction noted in report for week ended April 25, 1885, it having been shown by statement and corrected register from postmaster at Reedyville that there were only two partial failures (being 17½ miles each) in January, 1885, and that they occurred January 6 and 20, so that the reduction should have been \$4.11 instead of \$8.70.

Remit 1 22 of the deduction noted in report for week ended October 17, 1885, it having been shown by duplicate register from postmaster at Winterset that no failure occurred at that office to arrive August 22, 1885, and letter of postmaster, Macksburg, showing that carrier failed on 18 miles one way August 24 and 25, 1885.

NOVEMBER 7, 1885, INCLUSIVE.

fiscal year ending June 30, 1886—Continued.

NOVEMBER 7, 1885, INCLUSIVE—Continued.

Date of delinquency.	Place of delinquency.	Nature of delinquency.	DECISION.	
			Fines.	Deductions.
During quarter, 1885.....	On the route.....	Failure 2 trips.....		\$0 16

Remit \$0 84 of the deduction noted in report for week ended October 17, 1885, it having been shown by the oath of John Ridgeway, dated October 30, 1885, that he did travel 4 miles of the trip on the 23d of September, and that he was prevented from passing over the entire route by severe storm.

Remit 13 79 of the deduction noted in report for week ended October 24, 1885, it having been shown by register recently received from the postmasters at Troy and Sand Lake that the service between Troy and Sand Lake was omitted from September 6 to 16 only, 11 days instead of 25 days.

Remit 1 75 of the deduction noted in report for week ended October 17, 1885, it having been shown by late evidence that the failure of July 28, 1885, was only one way.

Remit 16 of the deduction noted in report for week ended October 24, 1885, it having been shown by the register of arrivals and departures for September, 1885, that 2 miles and back was performed September 22, 1885.

Remit 7 00, the fine noted in report for week ended October 17, 1885, it having been shown by statement of contractor and superintendent railway mail service, J. E. White, corroborated by statement of postmaster at Chicago, that the failures to transfer and dispatch mail pouches July 31, and September 5, for which fine was imposed, was not the fault of contractor nor any of his employes, but in one case (July 31) was the fault of assistant employed by the railroad company, and on September 5 the error of a new checking clerk employed in the post-office in Chicago.

Remit 2 10, the deduction noted in report for week ended October 17, 1885, it having been shown, by statement of subcontractor and the postmaster at Wright's Grove that the post-offices on this route were all closed July 4, 1885, except during first trip, and that the failures reported were not the fault of subcontractor, but the fault of postmasters on the route in failing to keep open their offices and delivering to and receiving from the carrier the mail.

Remit 10 00, the fine noted in report for week ended April 11, 1885, it having been shown by examination of the records of this office and the affidavit of the subcontractor that the subcontractor has never received notice to supply the office at Lyman.

Remit 11 90, the deduction noted in report for week ended July 18, 1885, it having been shown by statement of postmaster at Andover that service was performed from June 1 to 11 inclusive.

Remit \$5 00 the fine noted in report for week ended October 24, 1885, it having been shown that Kennebunk Depot is Kennebunk Station (no office), to which the mails were carried.

Remit 1 94, the deduction noted in report for week ended October 31, 1885, it having been shown upon re-examination of the registers of arrivals and departures that the failure September 29 was made up on a subsequent day.

Remit 2 41 of the deduction noted in report for week ended July 25, 1885, it having been shown by the statement of the postmaster at Friendship that service was performed to within 4 miles of his office April 10, 11, 1885.

Remit 1 15 of the deduction noted in report for week ended July 25, 1885, it having been shown by statement of subcontractor, indorsed by postmaster at Elk Grove and Tinney's Grove, that but 8½ miles of the trips June 1, 15, were unperformed, and that the trip of June 19 was rendered June 20 in lieu of the 19th.

Remit 7 70, the deduction noted in report for week ended November 7, 1885, it having been shown by registers of arrivals and departures of postmaster at Brownings, for August and September, received since making this case, that service was regularly performed twice a week to and from that office in those months.

Remit 25 59, the deduction noted in report for week ended November 7, 1885, it having been shown by registers of arrivals and departures (on file) of postmaster at Gabriel Mills for July, August, September, received since making this case, that service was regularly performed twice a week to and from that office during the quarter.

Remit 43 50, the deduction noted in report for week ended November 7, 1885, it having been shown by registers of arrivals and departures from postmaster at Berryville, for July, August, and September, received since making this case, that service was regularly performed to and from that office twice a week during quarter.

Remit 54 94 of the deduction noted in report for week ended April 18, 1885, it having been shown by affidavit of T. Allen, carrier, certified to be true by postmaster at Holbrook, that distance between Show Low and Fort Apache is 42 miles, and re-examination showing a failure of 726 miles instead of 1,665.

Remit 231 55, the fine noted in report for week ended October 17, 1885, it having been shown by copy of report from Inspector Culver and a certificate of D. Bonelli that the subcontractor has made satisfactory settlement for robbery, together with a favorable recommendation by chief inspector.

Remit 2 77 of the deduction noted in report for week ended October 10, 1885, it having been shown by the affidavit of T. S. Evans, superintendent of trains and track of the Illinois Central Railroad Company, that the failure of September 9, 1885, was both ways between Short Creek Bridge and Yazoo City, Miss. (2.75 miles).

Remit 15 41 of the deduction noted in report for week ended October 10, 1885, it having been shown by the affidavits of William Wilkinson, division superintendent; H. S. Castello and D. P. Harris, conductors of the Illinois Central Railroad Company, and a re-examination of the evidence in the case, that the railroad company ran its trains and performed all the service July 9 and 10, 1885, except the following, to wit: Both ways between Guthrie and Belle Flower (15.61 miles), July 9, and both ways between Gibson and Belle Flower, Ill. (11.68 miles), July 10.

Remit 22 45, the deduction noted in report for week ended October 24, 1885, it having been shown by the statement of the postmaster at Mitchell, Dak., that he erroneously reported failures to connect with depending mails September 12, 13, 17, 25, and 27, 1885.

Remit \$5 00, the fine noted in report for week ended October 24, 1885, it having been shown that the failure of the carrier to exchange mails at Silver Station post-office was owing to a misunderstanding on his part, he having delivered mails at and taken them from the railroad station 30 rods beyond Silver Lake post office.

Remit 16 66, the deduction noted in report for week ended October 17, 1885, it having been shown by the affidavit of the contractor and the statement of the postmaster and ex-postmaster that the eastern and western mails were, at the suggestion of the postmaster, taken on the same trip, and that the stage was run so that three different mails could have been sent if the postmaster had so desired.

Remit 2 16, the deduction noted in report for week ended October 24, 1885, it having been shown by corrected report of postmaster at Westerville, Ohio, that the service upon the dates upon which failures were charged was all actually performed.

Remit 1 29, the deduction noted in report for week ended August 1, 1885, it having been shown by the statement of the postmaster at Sarahsville that upon the dates upon which failures were charged the service was performed in full.

Remit 2 49, the deduction noted in report for week ended October 24, 1885, it having been shown by the report of the postmaster at Mossback that the failure to supply that office on the dates named was due to the fact that a bridge was washed out and that the carrier was not in fault.

Remit 49 09 of the deduction noted in report for week ended May 2, 1885, it appearing upon a re-examination of the case that the half trip should have been stated at \$9.35 instead of \$18.70.

Remit 10 01 of the deduction noted in report for week ended August 1, 1885, it appearing upon a re-examination of the case that the half trip should have been stated at \$9.35 instead of \$18.70.

Remit 1 00, the fine noted in report for week ended October 24, 1885, it having been shown by the affidavit of the postmaster at Jamestown that late arrivals of the mail at Keiler were not due to any fault or negligence of carrier, but were caused by carrier's waiting for late connecting mails at Jamestown.

Remit 1 03, the deduction noted in report for week ended October 24, 1885, it having been shown by letter of the late postmaster at Ottumwa that no failure occurred at that office by the carrier to arrive and depart July 8, 1885, that he was in error in not entering such arrival and departure in his register for that month.

Remit 46 of the deduction noted in report for week ended October 24, 1885, it having been shown by statement of mail carrier that he made 4 miles of the trip July 9, 1885.

Remit 1 00, the deduction noted in report for week ended October 24, 1885, it having been shown by letter of the postmaster at Living Spring that service was not performed by him, but by the carrier July 3, 1886.

Remit 94 of the deduction noted in report for week ended October 17, 1885, it having been shown by certificate of the postmaster at Ola that the carrier brought the mail within 4 miles of his office, April 23 and 30.

Remit 33 94, the deduction noted in report for week ended November 7, 1885, it having been shown by registers of arrivals and departures (on file) of Postmaster Star for August and September, received since making this case, that service was regularly performed twice a week to and from that office in those months.

			Fines.	Deductions.
Remit \$2 34, the deduction noted in report for week ended October 24, 1885, it having been shown by registers of arrivals and departures for August that failure July 31 was made up on Sunday the 2d.				
Remit 16 50, the deduction noted in report for week ended August 8, 1885, it having been shown by certificate of postmaster that service was performed during quarter ended June 30, 1885.				
Remit 1 70, the deduction noted in report for week ended October 24, 1885, it having been shown by register of arrivals and departures that trip lost July 4 was made up on the 6th.				
Remit 45 89 of the deduction noted in report for week ended April 18, 1885, it having been shown by the affidavits of T. Voohees and S. D. Curtis, ticket agent of the Delaware and Hudson Canal Company, that a special train arrived at and departed from Moore's on February 18, 1885, and that the failure to carry the mails was the fault of the employes of the Department and not of the company.				
Remit 7 48, the deduction noted in report for week ended April 25, 1885, it having been shown by affidavits of T. B. Townsend, auditor, George W. Gullie, mail messenger, that the failure to depart from Wilmington and arrive at Reading with the mail February 10, 1885, was caused by there being no railway post-office clerk on the train to take charge of it, and by the statement of the postmaster at Wilmington that the record there shows the arrival (at that office) on the date mentioned, but no service by the railway post-office clerk.				
Remit 5 44 of the deduction noted in report for week ended February 14, 1885, it having been shown by the affidavit of D. A. Bender, secretary of the Carson and Colorado Railroad Company, that the company performed service daily between Mound House and Junction (152 miles), and tri-weekly between Junction and Keeler (141 miles), during the period from December 5 to 31, 1884, inclusive, and that the deduction of 7 should apply on 141 miles instead of 143 miles.

Remit \$126 63,		the deduction noted in report for week ended October 24, 1885, it having been shown by statement of L. M. Terrell, superintendent Railway Mail Service, that train No. 55 is a local train, and has no connection with other roads at Atlanta.		
Remit 14 40 of		the deduction noted in report for week ended July 18, 1885, it having been shown by affidavit of M. Mounts, train-master of the Cincinnati, Hamilton and Indianapolis Railroad Company, that the failures of train No. 6, May 5, and No. 36, May 12, June 10, 16, 22, 24, 1885, to connect with depending mails at Indianapolis, Ind., were not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.		
Remit 97 37 of		the deduction noted in report for week ended July 11, 1885, it having been shown by the affidavit of Joseph Hill, general superintendent Terre Haute and Indianapolis Railroad Company, that the failures to connect with depending mails at Indianapolis during the quarter ended June 30, 1885 (except those of train No. 4, April 3, No. 6, April 18, May 16, No. 12, April 25, and June 22, 1885), were not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.		
Remit 8 54,		the deduction noted in report for week ended July 25, 1885, it having been shown by the affidavit of Norman Beekley, general manager, that the failure at Benton Harbor to connect with depending mails June 19, 1885, was caused by engine breaking the equalizer, which delayed the train 1 hour and 15 minutes.		
Remit 16 78		the deduction noted in report for week ended July 25, 1885, it having been shown by the affidavits of T. A. Switz, and E. B. Thomas, general manager of the Indianapolis and Saint Louis Railroad Company, that the failures to connect at Indianapolis, Ind., with depending mails during the quarter were due not to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.		
Remit 67 05 of		the deduction noted in report for week ended August 8, 1885, it having been shown by the affidavit of L. M. Towne, superintendent of the Kansas City, Fort Scott and Gulf Railroad Company, that the failures of train No. 2, April 30, No. 4, April 4, 9, 15, 16, 24, 26, May 6, June 17, 30, 1885, to connect with depending mails at Kansas City, Mo., were not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.

fiscal year ending June 30, 1886—Continued.

DECEMBER 5, 1885, INCLUSIVE—Continued.

Date of delinquency.	Place of delinquency.	Nature of delinquency.	DECISION.	
			Fines.	Deductions.
Remit \$4 40,		the deduction noted in report for week ended July 18, 1885, it having been shown by statement of postmaster at Lisbonville that service was rendered April 25, 30; June 15, 19, to within 4 rods of his office each date, omitting in the aggregate service on 20 of a mile.		
Remit 1 02		of the deduction noted in report for week ended July 25, 1885, it having been shown by statement of subcontractor, certified by postmaster at Edinburgh, that but 2 miles of service were unperformed June 22, 23, 1885.		
Remit 5 35,		the deduction noted in report for week ended July 25, 1885, it having been shown by evidence that the failures to supply Auburn were not due to fault or negligence, but were occasioned through a misapprehension of a change of schedule submitted by the Department, and that Auburn was supplied with mail on days following dates of non-supply.		
Remit 2 46		of the deduction noted in report for week ended July 25, 1885, it having been shown by certificates of postmaster at Lebanon that the failures of April 24 and June 26 extended over 19 miles of route each date only.		
Remit 1 63,		the deduction noted in report for week ended October 24, 1885, it having been shown by certificate of the postmaster at Detroit City that no failure occurred to arrive during the week ended August 1, 1885; that he was in error in not reporting an arrival of the carrier July 31, 1885.		
Remit 20 92		of the deduction noted in report for week ended April 25, 1885, it having been shown by a statement of the ferryman that the failures during January and February, 1885, were not due to any refusal to pay ferriage on the part of the carrier, but they were caused by exceeding high water rendering it impossible for the ferry to be operated. Furthermore, the subcontractor made satisfactory arrangement with him for the payment of ferriage after the occurrence of March 27 became known to him, the subcontractor.		
Remit 2 61		the deduction noted in report for week ended July 25, 1885, it having been shown by a letter of Postmaster Brandon, dated November 25, 1885, stating specifically that the arrival due April 22 occurred April 23, at 3 a. m., and that there was another arrival April 23 at 12 m.; also that departure occurred April 23 and 24 each day, and that late arrivals were unavoidable and caused no detriment to the service.		
Remit 55 84		of the deduction noted in report for week ending April 11, 1885, it having been shown by the affidavit of David Lee, general superintendent of the Baltimore and Ohio Railroad Company, that the failures of train No. 2 to connect with depending mails at Wheeling, December 2, 1884, and March 2, 1885, were not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.		
Remit 921 68		of the deduction noted in report for week ended April 11, 1885, it having been shown by the affidavits of J. M. Van Harlinger, clerk, H. F. Beckett, train-dispatcher, and E. B. Taylor, superintendent of the railroad company, that the failures at Indianapolis, Ind., to connect with depending mails during the quarter ended March 31, 1885 (except those of train No 1, January 22, 23, 26, 27, 28, 29; February 13, 18, 20, 26; March 3, 4, 11, 18, 19, 20, 1885), were not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.		
Remit 11 02		of the deduction noted in report for week ended July 18, 1885, it having been shown by the affidavit of E. W. McKenna, superintendent of the Jeffersonville, Madison and Indianapolis Railroad Company, that the failures of train No. 7 to connect with depending mails at Indianapolis, June 14, 23, 26, 1885, were not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.		
Remit 6 27,		the deduction noted in report for week ended July 25, 1885, it having been shown by affidavit of J. Ehret, chief train-dispatcher of the Evansville and Terre Haute Railroad Company, that the failures of train No. 3 to connect at Evansville, May 9, 31, 1885, were not due to misconduct nor want of proper skill on the part of the agents and employes of the company.		
Remit 8 19		of the deduction noted in report for week ended July 25, 1885, it having been shown by the affidavit of D. W. Bender, superintendent, that the failures of train No. 7 to connect with depending mails at Indianapolis, Ind., April 2 and 17, 1885, were not due to misconduct, negligence, nor want of proper skill on the part of the agents and employes of the company.		
Remit 94		of the deduction noted in report for week ended July 25, 1885, it having been shown by the affidavit of W. H. Holcomb, general superintendent of the Chicago and Iowa Railroad Company, corroborated by the statement of the postmaster at Rochelle, that the carrier performed the service on February 17, 1885.		
Remit 85 68		of the deduction noted in report for week ended October 24, 1885, it having been shown by the affidavit of S. E. Crance, superintendent of the Hannibal and Saint Jo Railroad Company, that the failures of train No. 1 March 1, 4, 5, 6, 10, 12, 17, 19, 21; August 25, 28; September 20, and No. 3 March 2, 5, 6, 20; August 1, 4, 8, 11, 15, 16; September 8, 27, 1885, to connect with depending mails at Kansas City were not due to misconduct, negligence, or want of proper skill on the part of the agents or employes of the company.

Remit \$0 92 of the deduction noted in report for week ended October 17, 1885, it having been shown by late evidence that the failure of August 3, 1885, was only on 2½ miles.

Remit 3 42 of the deduction noted in report for week ended April 25, 1885, it having been shown by affidavit that the failures at London January 15, 16, February 9, occurred on 6 miles only, and those at Manchester January 15, 16, 17, occurred on 5 miles only; so that the deduction should have been \$2.88.

Remit 30 87, the deduction noted in report for week ending November 21, 1885, it having been shown by registers of arrivals and departures of the mails that service was properly performed at Burton throughout the quarter.

Remit 31 85, the deduction noted in report for week ended March 28, 1885, it having been shown by affidavit of the clerk of the late postmaster at Merklings, Minn., that service was properly performed from July 1 to December 24, 1884, and certificate of the postmaster at Brockway that service was performed from December 25 to 31, 1884.

Remit 1 00, the deduction noted in report for week ended February 7, 1885, it having been shown by letter of the postmaster at Savannah that he was in error in reporting a failure by the carrier to arrive at and depart from his office October 14, 1884, and statement of the carrier that he traveled at least 4 miles October 7, 1885, in attempting to pass a swollen stream.

Remit 20 35 of the deduction noted in report for week ended November 21, 1885, it having been shown by evidence filed that service was properly performed during quarter, except during the period from July 1 to July 12, 1885.

Remit 56 34, the deduction noted in report for week ended October 17, 1885, it having been shown by the statement of R. C. Jackson, superintendent railway mail service, and the postmaster at Tallman, that the service was performed from July 1 to August 6, 1885.

Remit 12 86, the deduction noted in report for week ended October 24, 1885, it having been shown by the affidavit of C. Beardsley, train-dispatcher Western and Atlantic Railroad Company, that the failures at Atlanta of train No. 12, to connect with depending mails September 20, 28, 1885, were not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.

Remit 12 86 of the deduction noted in report for week ended July 25, 1885, it having been shown by the affidavit of C. Beardsley train-dispatcher Western and Atlantic Railroad Company, and the trip reports of the railway postal clerks that the failure of train No. 2, June 21, and No. 12, May 27, 1885, to connect with depending mails at Atlanta was not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.

Remit 23 09, the deduction noted in report for week ended July 11, 1885, it having been shown by the affidavit of O. W. Jackson, master of transportation of the Savannah, Florida and Western Railroad Company, and a re-examination of the evidence in the case that the failures of train No. 42 to connect at Jacksonville with depending mails May 9, 30, 1885, were not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.

Remit 4 48 of the deduction noted in report for week ended July 18, 1885, it having been shown by the affidavit of T. Reynolds, train-dispatcher of the Indiana, Bloomington and Western Railroad Company, that the failure of train No. 5 to connect with depending mails at Indianapolis April 4, 1885, was not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.

			Fines.	Deductions.
Remit \$45 70		of the deduction noted in report for week ended October 10, 1885, it having been shown by the affidavits of O. A. Berry and G. W. Hatter, train-dispatcher, and Thomas J. Hudson, superintendent of the Illinois Central Railroad Company, that the failures of train No. 2, July 29, No. 44, September 1, No. 10, September 22, No. 12, September 16, 17, 1885, to connect with depending mails at Chicago were not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.		
Remit 127 60		of the deduction noted in report for week ended October 24, 1885, it having been shown by the affidavit of J. R. Hardy, superintendent Kansas City, Saint Joseph and Council Bluffs Railroad Company, that the failures of train No. 2, July 28, 31, August 8, 20, September 4, 12, 25, and No. 4, July 25, 31, 1885, to connect with depending mails at Kansas City were not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.		
Remit 91 35		of the deduction noted in report for week ended August 1, 1885, it having been shown by the affidavit of T. M. Bates, superintendent of transportation Chicago and Alton Railroad Company, that the failures of train No. 6, June 26, No. 48, April 2, 16, 29, 30, May 6, 8, 30, June 23, 1885, to connect with depending mails at Kansas City were not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.		
Remit 28 70		of the deduction noted in report for week ended May 9, 1885, it having been shown by the explanatory statement of J. L. Barris, superintendent Southern Kansas Railroad Company (evidence submitted by him under date of May 13, 1885), that the failures of train No. 2, January 21, 28, February 11, and No. 4, January 12, 18, 19, 21, 22, February 13, 18, 25, 1885, to connect with depending mails at Kansas City, Mo., were not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.		
Remit 81 51		of the deduction noted in report for week ended October 10, 1885, it having been shown by the affidavit of W. W. Wells, superintendent of the Cincinnati, New Orleans and Texas Pacific Railway, that the failures of train No. 6 to connect with depending mails at Cincinnati, Ohio, July 2, 3, August 7, September 24, 25, 1885, were not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company; and, by a re-examination of the evidence in the case, that there was no failure of train No. 2 August 27, 1885, as charged.		

DECEMBER 19, 1885, INCLUSIVE.

Aug. 14, 1885	On the route	Failure round trip		\$2 86
Nov. 14, 18, 1885	do	Failure total		1 92

- Remit \$48 09 of the deduction noted in report for week ended May 16, 1885, it having been shown by monthly registers of arrivals and departures that service was performed at Munfordville, and from the statement of the postmaster at Dickey's Mills that the failure of January 16 occurred on about 19 miles, from which it appears that the deduction ought to be \$1.91.
- Remit 70 of the deduction noted in report for week ended October 24, 1885, it having been shown by reports of postmasters at De Leon and Desdimonia that on August 3 the trip was actually made, the carrier arriving at and departing from De Leon, though without the mail, he not having been sworn; and that he was not sworn solely because postmaster at Desdimonia did not know he was empowered to swear him.
- Remit 9 41 of the deduction noted in report for week ended October 24, 1885, it having been shown by statement of postmaster at Mitchell that his register was incorrect, every trip having been performed, and a failure, August 14, not having been charged.
- Remit 11 81 of the deduction noted in report for week ended July 25, 1885, it having been shown that the failures of train No. 51 to connect with depending mails at Atlanta, Ga., May 26, 28, 1885, were not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.
- Remit 30 90 of the deduction noted in report for week ended October 10, 1885, it having been shown that the failures of train No. 4 to connect with depending mails at Nashville, July 23, August 7, 27, September 26, 30, 1885, were not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.

fiscal year ending June 30, 1886—Continued.

DECEMBER 19, 1885, INCLUSIVE—Continued.

Date of delinquency.	Place of delinquency.	Nature of delinquency.	DECISION.	
			Fines.	Deductions.

Remit \$75 62 of the deduction noted in report for week ended October 10, 1885, it having been shown that the failures of train No. 3 to connect at Nashville with depending mails, September 5, 12, 14, 26, 1885, were not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.

Remit 13 60 of the deduction noted in report for week ended October 29, 1881, it having been shown that there were no depending connections at Woodstock on August 5, 6, 10, 13, 15, 16, 17, 18, 19, 27, 1881, there being no other route then terminating at that place.

Remit 4 04 of the deduction noted in report for week ended August 6, 1881, it having been shown that the mail due at Albia, Iowa, at 5 p. m. January 26, 1881, arrived on the 27th at 8.45 a. m., and that the mail of the latter date also arrived at 11 p. m.; that the failures of February 21, 22, 23, March 12, 14, 15, 18, 19 were one way over the route, instead of both ways, as charged; and that the company is entitled to be credited with the price of seventeen quarter trips (\$8.58), less the price of nine quarter trips (\$4.54), failed January 3, 5, 8, February 7, 16, 17, and March 7, 1881, but not charged.

DECEMBER 26, 1885, INCLUSIVE.

August 21, 1885	On the route.....	Failure total.....		\$42 30
April 9 to 27, 1885	Between Fabyan House and South Lunenburg.	Failure both ways (23.62 miles).		12 12

Remit \$1 71 of the deduction noted in report for week ended November 1, 1885, it having been shown by the register this day received from Cemetery for third quarter, 1885, that nine half trips more were charged than should have been.

Remit 1 50 of the deduction noted in report for week ended October 24, 1885, it having been shown by certificate of the postmaster at Odebolt, Iowa, that service was properly performed September 9, 1884.

Remit 3 00 of the fine noted in report for week ended October 24, 1885, it having been shown by certificate of the postmaster at Rawley and affidavit of the subcontractor that the failure to connect at Rawley with depending mails during the quarter ended September 30, 1885, was caused by the extremely hot weather, and not a want of attention by the carrier.

Remit 121 42 of the deduction noted in the report for week ended January 10, 1885, it having been shown upon re-examination of the case that the only failures during the quarter were to arrive and depart from Elmot in the week ended December 27, and it appearing that all deviations from the schedule were caused by ice in the river.

Remit 31 84 of the deduction noted in the report for week ended April 18, 1885, it having been shown by the affidavits of J. A. Whitmore, agent of the railroad company, and Henry L. Fox, and the statements of the postmasters at Watertown and Cape Vincent, N. Y., that the railroad company performed all the service on the route during the period from March 17 to 26, 1885, inclusive, by private conveyance.

Remit 2 45 of the deduction noted in report for week ended October 24, 1885, it having been shown by the affidavit of C. L. Williams, assistant superintendent of the Ohio River Railroad Company, that the failures of train No. 4 to connect with depending mails at Wheeling, August 13, 1885, was not due to negligence, misconduct, or want of proper skill on the part of the agents and employes of the company.

Remit 5 90 of the deduction noted in report for week ended October 24, 1885, it having been shown by the affidavit of J. C. McKenzie, train dispatcher of the Atlanta and West Point Railroad Company, that the failure to connect with depending mails at Atlanta, Ga., July 8, 1885, was not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.

Remit 16 77 of the deduction noted in report for week ended October 10, 1885, it having been shown that the failures of train No. 2 to connect with depending mails at Cincinnati, Ohio, July 13, 17, 1885, were not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.

DECEMBER 26, 1885, INCLUSIVE—Continued.

Date of delinquency.	Place of delinquency.	Nature of delinquency.	DEDUCTION.	
			Fines.	Deductions.
Remit \$12 12 of the deduction noted in report for week ended November 7, 1885, it having been shown that the failures of trains Nos. 6 and 36 to connect with depending mails at Indianapolis during the quarter ended September 30, 1885, were not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.				
Remit 104 50 of the deduction noted in the report for week ended November 7, 1885, it having been shown that the failures of train No. 4, August 21, September 11, 12, 21, 1885, were not due to misconduct or negligence or want of proper skill on the part of the agents and employes of the company.				
Remit 4 25 of the deduction noted in report for week ended October 24, 1885, it having been shown that the failure of train No. 4 to connect with depending mails at Chicago, Ill., June 27, 1885, was not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.				
Remit 7 53 of the deduction noted in report for week ended October 31, 1885, it having been shown by the statement of M. M. Kirkman, comptroller Chicago and Northwestern Railroad Company (and a re-examination of the case), that the failure at Sac City to depart September 25, and at Kingsley to arrive and depart September 25, was due to their being no postal clerk on train to receive the mail.				
Remit 1 62 of the deduction noted in report for week ended July 18, 1885, it having been shown by the affidavit of T. E. Calvert, general superintendent Burlington and Missouri River Railroad in Nebraska, operating the Nebraska and Colorado Railway, corroborated by the statement of the postmaster at Tobias, Nebr., that the service was all performed over the route May 27, 1885.				
Remit 663 82 of the deduction noted in report for week ended November 14, 1885, it having been shown that the company ran its trains and performed all the service, except one way, between the Canfield and Longmont (9.41 miles), during the period from August 1, 1884, to September 31, 1885.				

JANUARY 2, 1886, INCLUSIVE.

Remit \$12 88 of the deduction noted in report for week ended November 21, 1885, it having been shown by registers of arrivals and departures of the mails that service was regularly performed during quarter without failure or delinquency.

Remit 2 47 of the deduction noted in report for week ended October 24, 1885, it having been shown by evidence that no failure occurred July 1, and that failures of July 3 and 13 were over but $5\frac{1}{2}$ and $2\frac{1}{2}$ miles, respectively.

Remit 14 02 of the deduction noted in report for week ended October 24, 1885, it having been shown by the affidavit of subcontractor, together with certificate of postmaster at Ashland, that the (service) failure of July 5; 8, 10, 12, 15, 17, 19, 22, 24, 26, 29, 31, 1885, occurred over a distance of 3 miles only each date.

Date of delinquency.	Place of delinquency.	Nature of delinquency.	DECISION.	
			Fines.	Deductions.
Remit \$12 91, the deduction noted in report for week ended October 17, 1885, it having been shown by the affidavit of R. W. Jones, master of transportation of the Pittsburgh and Lake Erie Railroad Company, that the failures of train No. 4 to connect with depending mails at Pittsburgh, Pa., during the quarter ended September 30, 1885, were not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.				
Remit 63 96, the deduction noted in report for week ended October 24, 1885, it having been shown by the affidavit of J. A. McDuffie, master of transportation of the Brunswick and Western Railroad Company, that the interruption to the service was caused by the washing away of the track in many places; that trains were run as far as possible over the route; that the company made every effort to get the mails through, and that the cause of failures was beyond the control of the company.				
Remit 21 99 of the deduction noted in report for week ended October 10, 1885, it having been shown by affidavit of T. Fitzgerald, master of transportation of the Ohio Division of the Baltimore and Ohio Railway, that the failures of train No. 4 to connect with depending mails at Chicago, June 21, 22, 1885, were not caused by misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.				
Remit 116 04 of the deduction noted in report for week ended October 24, 1885, it having been shown by the affidavit of D. E. Finley, chief train-dispatcher of the Louisville, New Albany and Chicago Railroad Company, that the failures of No. 8, July 1, 2, 3, 4, 5, 6; August 18; No. 12, July 1, 2, 3, 4, 29; September 11, 25, 36, at Indianapolis; and No. 1, June 23, July 2, 8, 29, August 1, 13, 14, 22, 28, 1885, at Chicago, to connect with depending mails, were not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.				
Remit 26 82 of the deduction noted in report for week ended November 7, 1885, it having been shown by the affidavit of L. W. Towne, superintendent Kansas City, Fort Scott and Gulf Railroad Company, that the failures of July 11, 17, 21, and September 17, 1885, were not due to the misconduct, negligence, or want of proper skill on the part of the agents of the company.				
Remit 16 30, the reduction noted in report for week ended November 7, 1885, it having been shown by a re-examination of the registers of the arrivals and departures of the mails that the mail due to arrive at Salida, Colo., at 12.14 p. m. August 7, arrived on the 8th at 6.30 a. m., and that all the delays during the period from August 8 to 11 were caused by washouts on the road.

Remit \$17 25 of the deduction noted in the report for week ended November 24, 1885, it having been shown by the reports of the postmaster at Robbins' Cross-Roads that the service was all performed from July 1 to September 30, 1885.

Remit 12 26 of the deduction noted in report for week ended November 7, 1885, it having been shown by a certificate, form 2212, duly sworn to, of J. T. Sabit, who was postmaster at Abbeville during the period for which the deduction was made, setting forth that the service was regularly performed three times a week from July 1 to August 15, 1885.

Remit 10 99 of the deduction noted in report for week ended November 7, 1885; it having been shown by register of arrivals and departures of postmaster at Boon's Ferry (received since making this case) that service was duly performed in July and August, 1885, to and from his office twice a week.

Remit 9 74 of the deduction noted in report for week ended April 11, 1885, it having been shown by the affidavit of R. A. Lybrook, train-despatcher of the Vicksburg, Shreveport and Pacific Railroad Company, that on January 15 there was an aggregate of 61.12 miles one way more service performed by the company than it was credited with (see case, June quarter); that the failures of January 20, 23, 26, 1885, were one way between Delta and Vicksburgh only (4.52 miles) only, and that the company is entitled to be credited with service amounting to, in the aggregate, 306.46 miles one way.

Remit 2 87 of the deduction noted in report for week ended August 8, 1885, it having been shown by the affidavit of J. L. Barnes, superintendent of the Southern Kansas Railway Company, that the failure of train No. 4 to connect with depending mails at Kansas City, Mo., June 29, 1885, was not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.

Remit 300 62 of the deduction noted in report for week ended October 17, 1885, it having been shown by the affidavit of E. B. Wakeman, assistant general superintendent of the Saint Paul and Minneapolis Railroad Company, and the statement of James E. White, superintendent railway mail service, that service was regularly performed six times a week each way on Route 35013, Ripon to Portland Junction, during the quarter ended September 30, 1885.

their pay, and fines and forfeitures remitted—Continued.

Date of delinquency.	Place of delinquency.	Nature of delinquency.	DECISION.	
			Fines.	Deductions.
Remit \$8 17 of the deduction noted in report for January 16, 1886, it having been shown that the length of the route to November 15 was 23 miles, and from November 16, 17½ miles, and the failures from October 1 to November 14 were on 3 miles instead of 5½; the deduction should have been \$13.90 instead of \$22.07.				
Remit 15 of the deduction noted in report for January 14, 1886, it appearing that the length of the route is 10 instead of 16 miles, and that the failure of November 17, 1885, was over 5 miles each way, and that the deduction should have been \$1.94.

their pay, and fines and forfeitures remitted—Continued.

Date of delinquency.	Place of delinquency.	Nature of delinquency.	DECISION.	
			Fines.	Deductions.
Remit \$0 37 of the deduction noted in the report for January 20, 1886, it appearing upon a re-examination of the case that the length of the route is 28 miles instead of 30 miles each way, and that the carrier failed over only a total of 24½ miles each way, thus making the deduction \$1.95 instead of \$2.32				
Remit 30	of the deduction noted in report for January 20, 1886, it appearing upon a re-examination of the case that the length of the route is 35½ miles instead of 31 miles each way, thus making the deduction \$2.06 instead of \$2.36.			
Remit 27	of the deduction noted in report for January 20, 1886, it appearing upon a re-examination of the case that the length of the route is 16 miles instead of 15 miles each way, thus making the deduction \$9.42 instead of \$9.69.

Remit \$0 24 of the deduction noted in report for January 22, 1886, it appearing that the deduction of \$2.40 ordered January 22, 1886, was calculated on an erroneous basis.

Remit 0 60 of the deduction noted in report for January 14, 1886, it having been shown by late evidence that the failures of October 21, 30, were only on 4 miles each.

Remit 4 24 of the deduction noted in report for January 20, 1886, it having been shown by review of amount deducted that it should be \$501.40 instead of \$505.64.

Remit \$3 00, the fine noted in report for January 14, 1886, it having been shown by late evidence that the establishment of Lone Grove on this route increased the distance, and by order of January 5, 1886, it having been omitted from the route.

Remit 26 of the deduction noted in report for January 25, 1886, it having been shown by a re-examination of this case that the deduction is excessive to the amount of 26 cents.

Remit 15 53, being the deduction noted in report for January 23, 1886, it having been shown that order extending route two (2) miles to end at Broadford has been modified to take effect December 16, 1885.

	It appearing upon a re-examination of the order of January 23, 1886, that the deduction is insufficient, therefore modify order and deduct.....	\$30 51

Remit \$0 81 of the deduction noted in report for January 14, 1886, it having been shown by late evidence that the failure of December 15, 1885, was only on half of the route.

Remit 53 20 of the deduction noted in report for week ended October 24, 1885, it having been shown by the affidavit of E. C. Brown, general superintendent of the Michigan Central Railroad, that the failures at Detroit of No. 4, September 26, 29, and No. 10, September 13, 16, and at Chicago, Ill., of No. 3, September 1, 1885, to connect with depending mails were not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.

Remit \$26.12 of the deduction noted in report for week ended November 1, 1885, it having been shown by the affidavits of S. E. Crance, superintendent Hannibal and Saint Joseph Railroad, and F. C. Rice, superintendent of the Galesburg Division of the Chicago, Burlington and Quincy Railroad Company, that the failure of train No. 8, September 18, 1885, was not due to negligence, misconduct, or want of proper skill on the part of the agents and employes of the company.

Remit 74 of the deduction noted in report for January 13, 1886, it having been shown by the statement of the contractor, the correctness of which is certified to by the postmaster at Salisbury, that service was performed to within one-quarter of a mile of Ransom's Bridge December 15.

Remit 09 of the deduction noted in report for February 4, 1886, it having been shown by a re-examination of the case that the annual pay is \$132.99 instead of \$139.99, as stated, and that the price of a half trip is \$1.27 only, and in consequence the deduction is excessive to the amount of 9 cents.

Remit 2.52 of the deduction noted in report for January 22, 1886, it having been shown by certificates of postmasters that there was no failure between Ellendale and La Moure December 25 and 26, 1885.

Oct. 6, 10, 12, 14, 22; Dec. 12, 14, 17, 25, 1885.	Failed at York Sulphur Springs to arrive from Mount Holly Springs in schedule time.	\$2 25

Remit \$215 08 of the deduction noted in report for week ended July 25, 1875, it having been shown by the affidavit of J. H. Garner, master of trains, and W. M. Berryman, agent at Brunswick, corroborated by the reports of the postmaster at Brunswick, that the failures of April 9, 10, 11 were not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company, and that there were no failures on June 21, 22, 23, 24, 25, 26, 27, 28, 29, and 30, 1885.

Remit 1 09 of the deduction noted in report for week ended April 11, 1885, it having been shown by the affidavit of George Alexander, superintendent of the Chicago Division of the Chicago Burlington and Quincy Railroad Company, and a re-examination of the registers of arrivals and departures, that on February 9, 10, 17, 19, 1885, there was an aggregate of 16.079 miles one way more service performed by the company than it was credited with.

Remit 2 05 of the deduction noted in report for week ended April 11, 1885, it having been shown by the affidavit of George Alexander, superintendent Chicago division of the Chicago, Burlington and Quincy Railroad Company, and a re-examination of the reports of postmasters, that on February 9, 11, 1885, there was an aggregate of 11.44 miles one way more service performed by the company than it was credited with, and that the company should be credited with the price of a quarter trip February 12, 17, and March 11, 1885 (arrivals at Aurora).

Remit 2 10 of the deduction noted in report for week ended January 31, 1885, it having been shown by the affidavit of W. W. Fagan, superintendent Central Branch Union Pacific Railroad Company, corroborated by the statement of the postmaster at Warwick, Kans., that the mail due to arrive at that place at 10.10 p. m. December 31, 1884, arrived January 1, 1885, at 7.30 a. m.

Remit 59 of the deduction noted in report for January 21, 1886, it having been shown by certificate of postmaster at Tipton and the affidavit of carrier that the mail carrier failed on only 11 miles each way of route December 31, 1885.

their pay, and fines and forfeitures remitted—Continued.

Date of delinquency.	Place of delinquency.	Nature of delinquency.	DECISION.	
			Fines.	Deductions.

Remit \$20 04 additional of the deduction noted in report for week ended July 18, 1885, it having been shown by the affidavit of J. R. Hardy, superintendent of the K. C., St. J. & C. B. Railroad Company, that the failures at Kansas City, Mo., of train No. 4, May 8, and No. 12, April 14, May 12, and June 27, 1885, to connect with depending mails were not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.

Remit 33 of the deduction noted in report for January 12, 1886, it having been shown by the affidavit of J. H. Addington & Sons, carriers on route No. 13118, that service was performed over 18 miles each way November 7.

Remit 21 of the deduction noted in report for January 21, 1886, it having been shown by the statement of the carrier, the correctness of which is certified to by the postmaster at Gainesborough, that service was performed over 2 miles each way November 7.

Remit 1 67, the deduction noted in report for January 22, 1886, it appearing upon an examination of this case that the failures occurred on route No. 19598.

Remit 54 of the deduction noted in report for January 12, 1886, it having been shown by the register from Spencer, under date of November 7, 1885, that service was performed over 6 miles each way November 7, and that carrier failed on 3½ miles each way October 30.

Remit \$51 47, the deduction noted in report for week ended October 24, 1885, it having been shown by a re-examination of the evidence in the case that the failures of July 7 and August 6, 1885, to connect with depending mails were due to waiting on delayed trains of the E. T. V. & G. Railroad Company at Bristol.

Remit 103 00 the fine noted in report for week ended January 25, 1886, it having been shown by the affidavit of Jas. C. Cassell, train-master of the Norfolk and Western Railroad Company and a re-examination of the evidence that the failures at Lynchburgh to connect with the depending mails December 7, 13, 16, 18, 1885, were not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.

Remit 2 45, additional of the deduction noted in report for week ended October 10, 1885, it having been shown by the affidavit of H. S. Castles, conductor on the Springfield division of the Illinois Central Railroad Company, that the failures to carry the south-bound mail between Guthrie and Belle Flower (15.61 miles) February 9, and between Gibson and Belle Flower (11.65 miles) July 10, 1885, were due to heavy rain-storms, which washed away the track; but that the mails thus delayed were carried to their destination on train No. 1, July 11, 1885.

Remit 2 65, the deduction noted in report for January 29, 1886, it having been shown by certificate from post-master at Hawthorne that service was performed December 31, 1885, he having failed to note arrival and departure on his report.

Remit \$147 15 of the fine noted in report for January 16, 1886, it having been shown by the affidavits of E. C. Brown, general superintendent of the Michigan Central Railroad Company, that the failures of train No. 5, December 7; and No. 9, October 2, 17, December 7, 10, at Chicago; and No. 10, October 2, 17, 29, November 6, 7, 19, 20, at Detroit, to connect with depending mails, were not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.

Remit 26 56 of the deduction noted in report for January 26, 1886, it having been shown by a re-examination of the evidence that the train with railway post-office car and mail due at Hagerstown, November 1, at 12.30 p. m., arrived at 3.45 a. m. November 2, and that the train of November 2 also arrived at 12.35 p. m.

Remit 10 82, the deduction noted in report for week ended November 14, 1885, it having been shown by affidavit of the late postmaster at West Prairie, Iowa, that service was properly performed from July 1 to August 10, 1885.

Remit 7 90, the deduction noted in report for January 22, 1886, it having been shown by certificate of postmaster at Atoka that service was performed October 1 and 3.

Remit \$1 67 of the deduction noted in report for February 11 (special), 1886, it having been shown by the affidavit of J. R. Hardy, superintendent Kansas City, Saint Joseph and Council Bluffs Railroad Company, that service was performed one way between Skidmore and Bigelow (20.81 miles) August 27, 1885.				
Remit 6 00, the deduction noted in report for February 3, 1886, it having been shown by the affidavit of J. C. Barnes, superintendent of the Southern Kansas Railroad Company, that the failures of train No. 4 to connect with depending mails at Kansas City, Mo., November 17, December 14, 1885, were not due to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.				
Remit 1 10, the deduction noted in report for January 23, 1886, it having been shown by the statement of the postmaster at Slater that his office was closed December 25, 1885, and he having previously notified carrier that said office would be closed that date.				
Remit 67 60, the deduction noted in report for week ended April 25, 1885, it having been shown by the evidence on file in the office that the interruption to the service was caused by a severe snow-storm, and that the subcontractors made all reasonable efforts to perform the service, and sustained losses in so doing.				
Remit 110 22, the deduction noted in report for week ended April 25, 1885, it having been shown by evidence on file in the office that the interruption to the service was caused by a severe snow-storm, and that the subcontractors made all reasonable efforts to perform the service, and sustained losses in so doing.

Remit \$10 76, the deduction noted in report for week ended October 17, 1885, it having been shown by the affidavit of J. H. Duggan, superintendent of the West Iowa Division of the Chicago, Burlington and Quincy Railroad Company, that the failure of August 21, 1885, was occasioned by bridge being displaced and track washed out, and that there was no negligence on the part of the company or any of its servants.				
Remit 35 00 of the fine noted in report for week ended July 25, 1885, it having been shown by certificate of postmaster at Jolen that one of the sacks of papers lost belonged to Wells, Fargo & Co., and was not carried as mail matter. The loss of this sack is a matter between the contractor and Wells, Fargo & Co.

Dec. 1 to 31, 1885	On the route	Only 3 times a week service performed.		

Remit \$82 90, the deduction noted in report for week ended July 18, 1885, it having been shown by the affidavit of T. A. Switz, and E. B. Thomas, general manager of the Cleveland, Columbus, Cincinnati, and Indianapolis Railroad, that the failures of train No. 5 to connect with depending mails at Indianapolis, Ind., during the quarter ended June 30, 1885, were not due to negligence, misconduct, or want of proper skill on the part of the agents and employes of the company.

Remit 59 of the deduction noted in report for week ended May 16, 1885, it having been shown by a re-examination of the evidence in the case that the train of February 14, 1885, was delayed on account of a heavy snow-storm, and that it arrived at Scofield February 16, at 10 a. m., with the mail, and that the regular train of that date also arrived.

Remit 18 13, the deduction noted in report for February 19, 1886, it having been shown by registers of arrivals and departures that service was regularly and properly performed to and from Wilmot during the quarter ended December 31, 1885.

Remit 7 15, the deduction noted in report for January 21, 1886, it having been shown by a re-examination of the case and a comparison of copies of the original registers of arrival and departure from the postmasters at Fort Dodge and Eagle Grove, Iowa, with the original registers, that service was performed during the quarter ended December 31, 1885, without failure, and that such irregularities as occurred in the observance of the schedule were caused by very bad roads.

Remit 14 82 of the deduction noted in report for February 9, 1886, it having been shown by a register of arrivals and departures of postmaster, Merryville, for December, received since making this case, that service was regularly performed to and from that office in December, barring the following failure, viz, December 31, 1885, to depart.

Remit 24 00, the deduction noted in report for week ended December 12, 1885, it having been shown by the statement of the postmaster that service was performed by the messenger throughout the quarter.

Sept. 1 to Dec. 31, 1885.	Between Reynolds and Panther.	No service performed, 3½ miles.		\$28 93
--------------------------------	-------------------------------	---------------------------------	-------	---------

Remit \$16 25, the deduction noted in report for February 19, 1886, it having been shown by registers of arrivals and departures that service was regularly and properly performed to and from Maharg, Pa., during the quarter ended December 31, 1885.

Remit 2 68, the deduction noted in report for week ended August 1, 1885, it having been shown by registers of arrivals and departures that full number of trips was performed in April, 1885.

Remit 3 40 of the deduction noted in report for February 4, 1886, it having been shown by postmaster's late report that service was performed by the messenger from October 1 to 15.

Remit 45 52 of the deduction noted in report for week ended May 16, 1885, it having been shown by the affidavit of J. W. Buckley, assistant general manager of the western division of the Northern Pacific Railroad Company, and a re-examination of the evidence in the case, that there were no failures to arrive at Wallula, Wash., with the mail January 1, 1885, as charged.

Oct. 1 to 3, 1885		Failure to perform service		\$1 14
-------------------------	-------	----------------------------------	-------	--------

Remit \$1 14 of the deduction noted in report for week ended October 10, 1885, it having been shown by the affidavit of J. T. Harahan, general manager of the Louisville and Nashville Railroad Company, and the postmaster at Providence, Ky., that the mail of July 3 was delivered the a. m. of July 4, and the mail of the latter date also arrived at 8 p. m., and that on August 27 the train departed from Providence and arrived at Madisonville with the mail.

Remit \$244.04 of the deduction noted in report for week ended May 2, 1865, it having been shown by report of James E. White, Superintendent Railway Mail Service, and the statement of the postmasters at Waverly and Hampton, Iowa, that the railroad company performed an aggregate of 2,144.63 miles more service one way (by train and team) during the quarter ended March 31, 1885, than it was credited with.

Remit 4 54, the deduction noted in report for February 3, 1886, it having been shown by the affidavit of the late postmaster at Bagley, Iowa, that mail service was properly performed from October 1 to 19, 1885, inclusive.

July 6, 1885	On the route.....	Mail messenger intoxicated while in charge of the mail.	\$2 50	
August 8, Sept. 17, 1885	do.....	Failure one tris each.....		\$1 20

Remit \$17 04, the deduction noted in report for January 30, 1886, it having been shown by corrected register of postmaster at Tillamook, with explanatory letter, that service was performed November 19-20 and 26-27.

.....		It appearing that the entry of order on route register of contract division was erroneous in stating date of discontinuance of service as January 11, 1886, instead of January 7, 1886. Therefore modify case dated February 27, 1886, so as to state: No service performed from January 1 to January 7, 1886.		\$2 43
-------	-------	--	-------	--------

Remit \$3 15 of the deduction noted in report for week ended May 9, 1885, it having been shown by affidavit of J. B. Flanders, train master of the Missouri Pacific Railroad, and the statements of the postmaster at Sedalia, Mo., that the mail due at that place at 10.55 p. m., February 13, 1885, arrived on the 14th at 12.38 a. m., and that there was no failure on the 13th, as charged.

Remit 2 54, the deduction noted in report for week ended January 2, 1886, it having been shown by the statement of the postmaster that service was performed by the messenger from November 13 to 25, 1885.

Remit 1 69 of the deduction noted in report for January 22, 1886, it having been shown by certificate of postmaster at Odessa that cause of failure, December 8, 1885, was a severe snow storm.

Remit 36 45, the deduction noted in report for January 11, 1886, it having been shown by the affidavit of C. B. Crouch, acting superintendent of the Lake Shore and Michigan Southern Railroad Company, and the statement of W. G. Lovell, Superintendent Railway Mail Service, that all the failures to run railway post-office cars were caused by a break on the New York Central and Hudson River Railroad at Hoffman's Ferry, N. Y., and that the cars were not delivered to the Lake Shore and Michigan Southern Railway Company at Buffalo, N. Y., and it also appearing that the cars were carried through by the company, and used for the accommodation of the mail and the railway postal clerks on August 15, 1885.

Remit 258 92, the deduction noted in report for January 11, 1886, it having been shown by the affidavit of C. B. Crouch, acting superintendent of the Lake Shore and Michigan Southern Railway Company, and the statement of W. G. Lovell, Superintendent Railway Mail Service, that all the failures to run railway post-office cars were caused by a break on the New York Central and Hudson River Railroad at Hoffman's Ferry, N. Y., and that the cars were not delivered to the Lake Shore and Michigan Southern Railway Company at Buffalo, N. Y., and it also appearing that on the 15th of August, 1885, the company carried through 11 railway post-office cars, all of which were used for the accommodation of the mail and the railway postal clerks.

Remit \$10 64, additional, of the deduction noted in report for week ended October 24, 1885, it having been shown by the affidavit of E. C. Brown, general superintendent of the Michigan Central Railroad Company, and the statement of the postmaster at Detroit, Mich., that train No. 4, of September 15, 1885, arrived at Detroit at 7.20 p. m., on time, and made connections.

Remit 23 62, the deduction noted in report for February 9, 1886, it having been shown by register of arrivals and departures of postmaster, Cleveland, for October and December, 1885, also the certificate form 2202 for entire quarter, that service was regularly performed to and from that office three times a week during quarter.

July 1 to 12, 1885	On the route.....	No evidence of any service ...		\$1 63
--------------------------	-------------------	--------------------------------	-------	--------

Remit \$85 68, the deduction noted in report for January 12, 1886, it having been shown by the affidavits of D. M. Laren, superintendent of the Alabama and Great Southern Railroad Company, that the failures to arrive at and depart from Chattanooga, Tenn., November 7 and 8, 1885, were caused by a severe storm or water spout, which washed away the road-bed and bridges along the line of the road between Valley Head and Collinsville; that the mails due at Chattanooga at 6.00 p. m. on the dates named were delivered at that place on November 9, at 7.45 p. m., and that in all cases where the mails were delayed either way they were forwarded upon the first trains.

Remit 19 47, the deduction noted in report for February 8, 1886, it having been shown by registers of arrivals and departures of postmaster at Cypress for November and December, 1885, received since making this case, that service was regularly performed to and from that office 6 times a week during those months.

November 20, 1885.....	Attica	Failure to arrive.....	}	\$162 46
December 9 to 31, 1885.....	On the route.....	Failure to perform service....		

Remit \$6 38, the deduction noted in report for February 10, 1886, it having been shown by register of arrivals and departures of postmaster at Whitman for November and December, 1885, received since making this case, that service was regularly and properly performed to and from that office once a week during those months.

Remit \$29 12, the deduction noted in report for week ended October 10, 1885, it having been shown by the affidavit of Wilson Brown, superintendent of the Frederick Division of the Pennsylvania Railroad, that the failures of August 3, 4, 1885, were caused by washouts, and injury to the track by storm, which rendered the running of trains impossible; that on the afternoon of August 4, all the mails which had accumulated at Bruceville were sent to Frederick by hand-car, and that all of the delayed mails were carried through when trains were resumed.

Remit 11 04, the deduction noted in report for week ended October 17, 1885, it having been shown by the affidavit of Wilson Brown, superintendent of the Frederick Division of the Pennsylvania Railroad Company, that the failures of the 3d, 4th, and 5th of August, 1885, were caused by injury to track by storm, rendering the running of trains impossible, and that all of the mails thus delayed were carried through when trains were resumed.

their pay, and fines and forfeitures remitted—Continued.

Date of delinquency.	Place of delinquency.	Nature of delinquency.	DECISION.	
			Fines.	Deductions.

Remit \$19 27 of the deduction noted in report for week ended April 25, 1885, it having been shown by the affidavit of W. N. McCormick, train-dispatcher, and a re-examination of the evidence in the case that the failures of February 19, 20, 21, 1885, at Chattahoochee, were delays, merely, and that the full number of trips was performed in February.

Remit 22 60 of the deduction noted in report for week ended April 25, 1885, it appearing upon a re-examination of the evidence in the case that the failures of January 1, 9, 21, 27, February 1, 4, 14, 18, 1885, were delays merely.

Remit 50 00, the fine noted in report for January 13, 1886, it appearing from the statements of the postmasters on this route that the deviation from the schedule by the subcontractor (not of record) was at the suggestion of the postmasters and the patrons of the post-offices.

Remit 29 40 of the deduction noted in report for January 26, 1886, it having been shown by certificates of failure and cause submitted by subcontractor, that the failure of December 12 and 13, to arrive at Mobeetie were only over 15 miles, the trip on each date having been performed 183 miles from Harrold (and therefore accounting for failures of December 14, 15 to depart).

May 16, 1885.....	Eagle Pass	Failure to depart.....	}	\$2 94
May 17, 1885	do	Failure to depart and arrive..		
In fourth quarter, 1885	Between Southern and Bean Rock.	No evidence that service was performed—5 miles.		22 37

Remit \$25 26 of the deduction noted in report for week ended October 10, 1885, it having been shown by the affidavit of M. S. Belknap, superintendent V. S. and P. R. R., that the failures of January 21, 22, 24, and 25, 1885, were due to washouts and not to misconduct, negligence, or want of proper skill on the part of the agents and employes of the company.

Remit 41 57, the deduction noted in report for week ended August 8, 1885, it having been shown by the affidavit of A. L. Horner, assistant superintendent of the Denver and Rio Grande Western Railway Company, and a re-examination of the case, that the failures at Ogden City Utah, May 8 and 9, 1885, were delays merely; that they were caused by washouts on the Colorado road before the trains reached Utah, on the D. and R. G. W. R. R. Company; and the trips were all performed during May, 1885.

Remit 44 10 of the deduction noted in report for January 9, 1886, it having been shown by statements of postmaster at Evansville, in answer to inquiry, that there was a departure October 3, not at first reported, which makes up for that required October 7, and by affidavits of steamboat clerks that the failures to connect at Louisville, October 18, 22, November 1 and 12, resulted from low water, fog, and wind, and that the steamer due at Evansville, October 13, went as far as Cannelton, hence made 24½ miles more than a half trip.

Remit 60 04 of the deduction noted in report for January 9, 1886, it having been shown by a statement of the postmaster at Terrene, Miss., that there was a departure of the steamer Kate Adams, October 10, 1885, and a departure of the steamer City of Providence, October 30, 1885.

Remit 267 54, the deduction noted in report for week ended November 21, 1885, it appearing upon a re-examination of the case that service was performed regularly and properly over the route, and that it was a portion of the service on route No. 45107, which was omitted, and that the deduction should have been made from the pay of the contractor on that route.

Remit 152 50 of the deduction noted in report for January 9, 1886, it having been shown by the affidavits of R. W. Jones, master of transportation of the Pittsburgh and Lake Erie Railroad Company, that the failures of train No. 4, October 1, 4, 5, 6, 8, 9, 10, 11, 12, 13, 14, 15, 18, 20, 23, 25, 28, 29, 30; November 1, 4, 5, 6, 8, 9, 11, 13, 14, 15, 22, 24, 25, 26, 27; December 1, 3, 5, 6, 8, 9, 10, 11, 12, 13, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 29, 30, 31; No. 8, October 8, 17, 27; No. 12, December 13, 24, 27 to connect with depending mails at Pittsburgh, Pa., were due to waiting on delayed trains of other roads at Youngstown, Ohio, and to making extra stops required by the schedule on Sundays, and there was no negligence on the part of the company.

Remit \$3 50, the deduction noted in report for February 4, 1886, it having been shown by a re-examination of the registers of arrivals and departures of the mails for November, 1885, that the trip due on the 7th was duly performed on the 8th, and that no failure occurred, being a delay of one day only.

.....		For failing and refusing to visit and supply the office of Meador during the quarter ending March 31, 1886.	\$25 00	
.....		For failing and refusing to perform the service on schedule days and on schedule time during the quarter ended March 31, 1886, and for repeated partial and total failures without any excuse therefor.	25 00	

Remit \$2 00 of the deduction noted in report for January 25, 1886, it having been shown by the statement of the carrier, verified by the certificate of the postmaster at Longtown, that half of the trip was performed.

Oct. 1 to 31, 1885.....| On the route| Failure to perform service.....|.....| \$7 58

Remit \$529 27 of the deduction noted in report for week ending May 9, 1885, it having been shown by the affidavit of C. B. Shepard, and a re-examination of the case, that the failures to arrive at Ogden City, Utah, February 17 and 18, 1885, were delays merely; that they were caused by snow blockades, and that the full number of trains arrived at that place with the mail during February.

Remit 4 93 of the deduction noted in report for week ending May 9, 1885, it having been shown by the affidavit of G. B. Shepard that the failure at Denver, Colo., of train No. 262 to connect with depending mails January 6, 1885, was caused by snow blockade, and not to negligence on the part of the company.

Remit 7 14 of the deduction noted in report for week ending August 8, 1885, it having been shown by the affidavit of G. B. Shepard that the failures to connect with depending mails at Denver on June 23, 24, 25, 1885, were caused by a washout on the line of the road west of Denver Junction, and that there was no negligence on the part of the company.

Remit 103 46 of the deduction noted in report for week ended August 15, 1885, it having been shown by the statement of C. H. Prescott, manager of the Oregon Railway and Navigation Company, corroborated by James L. Wilder, superintendent railway mail service, that there was no failure at Umatilla to arrive January 13, 14, 15, 25, March 22, April 5, and at Huntington to depart February 28, 1885.

.....		Whereas the deduction ordered February 2, 1866, was calculated upon the assumption that the rate of pay is \$21,136 per annum, instead of \$21,336.11, the correct amount; and whereas a further deduction is necessary in order that the total deduction may be equal to the value of the service lost, therefore deduct.		41

Remit \$1 01, the deduction noted in report for week ended July 25, 1885, it having been shown by the statement of W. G. Lowell, superintendent railway mail service, that the offices along the line of route No. 24044 receive their mail from either the Manistee and East Saginaw or Ludington and Toledo railway post-office; that the failure to arrive at Meredith with mail January 7, 1885, was due to the fact that there was no railway post-office clerk on the Manistee and East Saginaw railway post-office train No. 6 on that date, and that the company was in no way responsible for the failure.

Remit 3 69, the deduction noted in report for January 21, 1886, it having been shown by affidavit of the postmaster at Pittsburgh, Iowa, that the mail-carrier performed service to within 2 miles of Keosauqua December 5, 29, and 31, 1885, and was prevented going further by running of ice in the Des Moines River.

Jan. 1 to Feb. 7, 1886. | On the route. | Failure two trips | | \$0 22

Remit \$0 22, the deduction noted in report for March 11, 1866, it having been shown that this deduction should have been made on route No. 66535, and not on No. 66538.

Remit 8 00, the fine noted in report for January 15, 1886, it having been shown that the failure at Savannah to connect with depending mails December 10, 1885, was caused by and chargeable to the Savannah, Florida and Western Railway; said company having switched off the postal car at round-house, thereby causing delay.

Remit 10 00, the fine noted in report for week ended October 24, 1885, it having been shown that the failure to deliver and dispatch the mail at Red Clay, Ga., August 30, 31, September 1, 2, and 3, 1885, was because the Department failed to furnish pouches for that purpose, and not to negligence on the part of the company.

Remit 5 83 of the deduction noted in report for February 24, 1886, it having been shown that the route is only 8½ miles, and that the distance from Reynolds to Panther is 2½ instead of 3½ miles, and in consequence the deduction should have been \$23.10 instead of \$28.93, and that the difference should be remitted.

Mar. 8, 9, 10, 11, 1886	do	Failure to perform service.....		1 20

Remit \$5 65 of the deduction noted in report for week ended October 17, 1885, it having been shown that the mail arrived at Jacksonville September 29 and departed therefrom September 30, 1885.

Remit 45 51 of the deduction noted in report for week ended April 11, 1885, it having been shown that on January 3, 6, 15, 16, 17, 22, 26, 27, February 12, 13, 17, 1885, the company performed an aggregate of 280.05 miles one way more service than it was credited with.

Remit 52 being part of the deduction noted in report for January 25, 1886, it having been shown that on the days when failure was charged service was performed over 3 miles of the route.

Sept. 28 to 30, 1885.....| On the route.....| No service performed.....|.....| \$0 53

Remit \$18 26 of the deduction noted in report for week ended April 18, 1885, it having been shown that train No. 3, of February 19, 1885, failed to connect with depending mails at Kansas City on account of waiting on delayed trains of another line, and not to negligence on the part of the company.

Remit 48 70 of the deduction noted in report for week ended July 11, 1885, it having been shown that the failures of train No. 1 to connect with depending mails at Kansas City, Mo., May 2, 13, 29, June 25, 1885, were caused by waiting on delayed trains of the Missouri Pacific Railway, at Mabeely, Mo., and that there was no negligence on the part of the company.

Remit 19 45 of the deduction noted in report for week ended May 9, 1885, it having been shown that on January 15, 16, 17, 1885, the railroad company performed an aggregate of 209.505 miles one way more service than it was credited with.

Remit 15 00, the fine noted in report for week ended April 25, 1885, it having been shown that Willscott and Van Zandt's Store were both embraced or established on the route, and that these offices were on two different roads, separated by an intervening mountain, which rendered it impossible to supply them both, and, in consequence, Willscott's has been omitted from the route, and Van Zandt's Store has since been regularly supplied.

Remit 20 00, the fine noted in report for week ended July 25, 1885, it having been shown that Van Zandt's Store and Willscott's were both embraced on the route, and that these offices were on two different roads, separated by an intervening mountain, which rendered it impossible to supply both, and, in consequence of this fact, Willscott's was omitted from the route, since which date Van Zandt's Store has been regularly supplied.

Remit 4 55, the deduction noted in report for January 27, 1886, it having been shown that on the dates when failures were made the carrier made every possible effort to perform the service, and that he was prevented by storms, which made it impossible to cross the channel.

Jan. 23, 28, 30; Feb. 2, 4, 6, | On the route.....| Failure total.....|.....| \$3 00
1886.

Remit \$11 25 of the deduction noted in report for week ended January 2, 1886, it having been shown that service was performed by mail messenger from October 6 to November 30, but upon a re-examination of the case it appears that the original deduction should have been \$17.37 instead of \$14.92.

Remit 2 25, the fine noted in report for February 10, 1886, it having been shown that the contractor made as good time as the condition of the roads would allow.

Remit 3 25, the fine noted in report for February 10, 1886, it having been shown that the contractor made as good time as the condition of the roads would allow.

their pay, and fines and forfeitures remitted—Continued.

Date of delinquency.	Place of delinquency.	Nature of delinquency.	DECISION.	
			Fines.	Deductions.
Remit \$17 03 of the deduction noted in report for week ended April 21, 1883, it appearing that the failures at Sioux City were to arrive January 23, 31, February 1, 3, and to depart January 31, February 2, 1883—6 round trips.				
Remit 9 98,		the deduction noted in report for week ended April 11, 1885, it having been shown that the train, No. 304, due at 7.35 p. m., arrived on January 3, 1885, at 10.37 p. m.		
Pemit 9 52,		the deduction noted in report for week ended November 7, 1885, it having been shown that the failure of train No. 402, at Denver, to connect with depending mails on July 5 was due to a washout, and on July 26 to a land-slide, and not to negligence on the part of the company.		
Remit 15 00 of the fine noted in report for week ended November 7, 1885, it having been shown that the fine is, under all the circumstances, excessive, and that \$10 would probably have been a sufficient penalty for the delinquencies complained of.

Feb. 1 to 15, 1886.....	do.....	No service performed.....		7 50

Remit \$35 90 of the deduction noted in report for January 11, 1886, it having been shown that the failures at Vicksburgh October 15, 22, 24, and at Meridian October 22, 1885, to arrive were delays merely, and that the full number of trips was performed during the month.

Remit 22 30 of the deduction noted in report for January 27, 1886, it having been shown that service was performed between Sexton and Evansville, 15 miles, from October 1 to December 19, 1885, 19 trips.

Mar. 11 to 31, 1886.....| On the route.....| No service performed.....|.....| \$5 25

Remit \$32 12 of the deduction noted in report for week ended October 17, 1885, it having been shown, that the mails were carried over the route in charge of railway postal clerks April 4, 7, and 10, and that the mail that should have left Chattahoochee and arrived at Lake City September 30, was carried October 1, 1885.

Remit 268 43 of the deduction noted in report for week ended November 14, 1885, it having been shown that the failures, except those of December 12, and 12, 1884, August 31 and September 1, 1885, were due to causes over which the company had no control, to wit, deep snow and washouts, and that all of the mails thus delayed were subsequently carried by the company.

Remit 264 63 the deduction noted in report for week ended January 31, 1885i, it having been shown that the train with the mail due at Ogden City November 29 arrived at that place November 30, 1884, and that the full number of trips was performed during the month.

Remit \$1 52 of the deduction noted in report for April 12, 1886, it having been shown that an error was made in stating on case the number of trips per week as three instead of six, the correct number; also, the price of half trip was stated as \$3.02 instead of \$1.50, the correct amount. The deduction should have been \$1.50 instead of \$3.02.

Remit \$0 16 of the deduction noted in report for April 22, 1886, it having been shown that the distance should have been stated 31½ miles instead of 29½ miles, and the deduction \$2.63 instead of \$2.79.

Remit 0 32 of the deduction noted in report for April 22, 1886, it having been shown that this deduction was based on an annual pay of \$156.33 instead of \$134, and the deduction should be \$1.68 instead of \$2

Remit 0 12 of the deduction noted in report for April 22, 1886, it having been shown that this deduction was based upon 18 miles length of route instead of 22 miles, and the deduction should be \$1.80 instead of \$1.92.

Jan. 1 to 21 and Jan. 23 to Feb. 22, 1886		Only three times a week service performed.		

Remit \$0 10 of the deduction noted in report for April 22, 1886, it having been shown that the deduction of \$1.56 made on the 22d instant was calculated on an erroneous basis, and that it should be \$1.46 instead of \$1.56.

Remit 2 64 of the deduction noted in report for week ending April 16, 1886, it having been shown by evidence from postmaster at South Lowell that service was fully performed between Flat River and South Lowell, 12.2 miles each way, January 12, March 30, 1886.

Remit 0 10 of the deduction noted in report for April 23, 1886, it having been shown that the deduction of \$4.42 made on the 23d instant was calculated on an erroneous basis, and that it should be \$4.32 instead of \$4.42.

Remit \$272 22 of the fine noted in report for week ended October 24, 1885, it having been shown that the majority of the delays and irregularities during the quarter were unavoidable.

Remit 62 of the deduction noted in report for April 24, 1886, it having been shown that the route is 49 instead of 44 miles in length, and that as the (distance) deduction was made on the latter distance to the amount of 62 cents, which should therefore be remitted.

Remit 35 of the deduction noted in report for April 24, 1886, it having been shown that the length of the route is 54 instead of 53 miles, and that, as the deduction was made on the latter, distance, it is excessive to the amount of 35 cents, which should be remitted.

Remit 63 of the deduction noted in report for April 23, 1886, service over this route being three times a week instead of twice a week as stated in this case.

Remit 21 of the deduction noted in report for April 23, 1886, it having been shown that the pay on this route is \$178.58 instead of \$200 as stated.

Remit 1 34 the amount of the deduction noted in report for April 12, 1886, it having been shown that the postmaster made an error in reporting a failure Jan. 9, 1886, and that no failure actually occurred.

Remit 12 69 of the deduction noted in report for April 20, 1886, it having been shown that the (deduction) amount of a half trip is \$.139 instead of \$2.83, thus making the deduction only \$25.51.

Remit 19 of the deduction noted in report for April 15, 1886, it having been shown by an order made April 20, 1886, restating this route from July 1, 1883, as follows: From Osage to Stacyville, 12½ miles, 6 times a week, with side supply to Little Cedar, 3½ miles, Tuesdays and Fridays, both ways. The statement of the case dated April 15, 1886, deducting \$2.63, should now read as follows: Failed on 9½ miles one way January 8, on 12½ miles one way January 9, on 11½ miles both ways January 22, making the deduction \$2.44 instead of \$2.63.

their pay, and fines and forfeitures remitted—Continued.

Date of delinquency.	Place of delinquency.	Nature of delinquency.	DECISION.	
			Fines.	Deductions.
Remit \$1 02 of the deduction noted in report for April 13, 1886; it having been shown that the failure to make trip January 11 was caused by snow blockade and the service fully performed on following day, and as no trip was actually lost.				
Remit 2 50, the fine noted in report for January 25, 1886; it having been shown that the site of Sunnyside post-office was changed without the authority of the Department, and that the failure of contractor to supply said office was due to increased distance and inaccessible location.

Remit \$1 95 of the deduction noted in report for April 26, 1886, it having been shown that deduction for failure January 8, 1886, is excessive, inasmuch as a portion has also been included in the other failures.

Remit 20 of the deduction noted in report for April 26, 1886, it having been shown by re-examination that an error was made in the calculation, and that the deduction should be \$1.48 instead of \$1.68.

Remit 66 of the deduction noted in report for April 26, 1886, it appearing upon a re-examination that the deduction of April 26 was made upon the basis of \$392.60, instead of \$322.60, and on \$1.88 as the half trip, instead of \$1.55.

Remit 39 of the deduction noted in report for April 26, 1886, it appearing upon a re-examination that the deduction of April 26, 1886, was based upon 21 miles each way, instead of 22½ miles by D. C., of February 25, 1886.

Remit 2 44 of the deduction noted in report for April 26, 1886, it appearing upon a re-examination of April 26, 1886, as based upon the half trip being \$2.46 for two times-a-week service, for four months of the year, instead of \$1.85 for half trip; the service being three times a week from April 1 to November 30 of each year, and twice a week the residue.

Remit 64 of the deduction noted in report for April 26, 1886, it appearing upon a re-examination that the deduction made April 26, 1886, was based upon \$2.08 as the price of a half trip, instead of \$1.92 per half trip, the correct amount, the service being three times a week additional from June 1 to August 31 of each year.

Remit 1 63 of the deduction noted in report for April 26, 1886, it appearing upon re-examination of the deduction made April 26, 1886, that there was an error in calculation, and that the total deduction should be \$8.96, instead of \$10.59.

Remit 10 of the deduction noted in report for April 27, 1886, it appearing upon a re-examination that the deduction made April 27, 1886, was based upon an annual pay of \$220.65, when it should have been \$209.35 per annum, and the half trip \$1, instead of \$1.05.

Remit 80 of the deduction noted in report for April 27, 1886, it appearing upon a re-examination of the deduction made April 27, 1886, that there was an error in calculation, and that the total deduction should be \$10.08, instead of \$10.88.

Remit 90 of the deduction noted in report for April 26, 1886, it having been shown that on March 4, sub-contractor traveled over 20 miles of the route and back, so that the failure was over 6 miles, and deduction should be 76 cents.

Jan. 23, 1886	do	Failure to depart		
Jan. 22, 1886	Woodman	Failure to arrive and depart.		

Remit \$201 13 of the deduction noted in report for April 17, 1886, it having been shown that it is more equitable to estimate the half trips at \$22.03 for twice a week service on the whole route on \$5,000 per annum, and separately for one additional trip between Tappahannock and Baltimore, at \$7.69 on \$800 per annum, and that it now appears that the trips of June 10, 11, at Tappahannock, Fredericksburgh, and January 1, 18, February 13, at Baltimore, were performed.

Fines imposed on contractors and deductions made from

Remit \$1 66 of the deduction noted in report for April 23, 1886, it having been shown that service was performed on 18½ miles of route, January 25, 1886, and only 8 miles of the route omitted.

Remit 2 22 of the deduction noted in report for April 29, 1886, it appearing on a re-examination of the case, dated April 29, 1886, that the deduction was based on a service of two instead of three times a week; a remission is necessary.

.....	A revision of the case, dated April 19, 1886, shows that the deduction should be \$5.12, instead of \$4.84. Therefore deduct additional		\$0 28

their pay, and fines and forfeitures remitted—Continued.

Date of delinquency.	Place of delinquency.	Nature of delinquency.	DECISION.	
			Fines.	Deductions.
Remit \$1 43, the deduction noted in report for April 16, 1886, it having been shown that the carrier presented himself at the post-office at Canton Point, February 26, 27; March 1, 2, 3, 1886, and performed service, but no mail was received owing to the blocking of trains by snow.				
Remit 7 50 of the deduction noted in report for January 12, 1886. A revision of the case, dated January 13, 1886, shows the correct distance over the whole route to be 133½ miles instead of 148 miles, and that the failures of September 3, 10, 17, 24; October 8, 15, 22, and November 5, 1885, at Waterloo, were on 23 miles and back instead of as stated, making the actual deduction \$82.92 instead of \$90.42.				
Remit 1 03 of the deduction noted in report for April 30, 1886. A revision of the case, dated April 30, 1886, shows the statement of trips per week should be: On 31½ miles two times a week; 26½ miles three-times-a-week service, 30 miles six-times-a-week service, instead of as stated, and the amount of each half trip should be \$2.21 for two-times-a-week service, \$1.84 for three-times-a-week service, and \$2.09 for six-times-a-week service, instead of as stated, the change being caused by an allowance of \$29.22 for supply of Mundell, once-a-week service, 4 miles. The amount of the reduction, therefore, is \$26.79 instead of \$27.82.				
Remit 1 08, the deduction noted in report for April 17, 1886, it having been shown by statement from postmaster at Conijos, Colo., dated April 29, 1886, that trips were made on February 7 and 28, 1886.

Remit \$0 14 of the deduction noted in report for April 12, 1886, it having been shown that the contractor failed on only $6\frac{1}{2}$ miles both ways January 16 and February 6, 1886.

Remit 3 60, the deduction noted in report for May 5, 1886, it having been shown by a re-examination of the records of the arrivals and departures of the mails on which the deduction in this case was made that they refer to route 17163, and not to route 17162, though bearing the latter number, and that the deduction made on route 17162 May 4, 1886, is correct, and that this deduction is erroneous.

Remit 36 of the deduction noted in report for April 24, 1886, it having been shown that service was performed $3\frac{1}{2}$ miles each way March 30, 1886, on the six times a week service part of route.

Remit 2 22 of the deduction noted in report for April 17, 1886, it having been shown that the failures of March 19, 20, 26, and 27 were equal to $\frac{1}{2}$ instead of $\frac{3}{4}$ of a trip each date.

Remit \$8 15 of the deduction noted on report for May 5, 1886, it having been shown that the price of half a trip should be \$1.86 instead of \$2.43, making the deduction \$12.15.

Remit 7 87 of the deduction noted in report for April 10, 1886, it having been shown that service was fully performed except 16 miles each way January 4, and March 31, 1886; and 4 miles each way January 12, 14, 16, 19, 1886.

Remit 81 21 of the deduction noted in report for April 20, 1886. A revision of the case made April 20, 1886, shows by the register for January, 1886, that the failures for January 5, 12 were but 5 miles each way instead of 14½ miles each way.

Remit 3 16 of the deduction noted in report of April 20, 1886. it having been shown that service was performed within 2 miles of Caney Branch post-office January 5, 12, 19, 15, the carrier being prevented from completing his trips by reason of very high water and ice in the river.

Remit 21 of the deduction noted in report for April 22, 1886, it having been shown that service was performed all but 9 miles each way March 30, 1886.

Remit 10 of the deduction noted in report for May 6, 1886, it having been shown by a revision of the case made May, 1886, that the annual pay is \$196 instead of \$212. The deduction should be \$1.24 instead of \$1.34.

Remit 1 26, the deduction noted in report for April 16, 1886, it having been shown that the failure of a half trip January 23 was followed by performance of half trip January 25 in lieu of January 23, 1886.

Remit 54 24 of the deduction noted in report for January 11, 1886, it having been shown by affidavits of Commanders Hall and Winpenny, of the mail steamers, that failures to connect at Tampa Nov. 23, 27, and December 28, 1885, were due to the heavy gales which prevailed on the Gulf at the time.

		Only three times a week service performed between Ethel and Port Hudson (13.83 miles) during quarter.		73 90
Remit \$1 62, the deduction noted in report for April 27, 1886, it having been shown that the trip of February 27 was March 1, 1886, and that a severe snow-storm blocking the roads, prevented the carrier from making his regular trip.				
Remit 1 00, the fine noted in report for April 7, 1886, it having been shown by late evidence that the mail was not wet by the carelessness of the carrier.				
Remit 7 39 of the deduction noted in report for January 12, 1886, it having been shown that the distance lost on trip for week ended October 10, 1885, was not more than 15 miles both ways.				
Remit 26 of the deduction noted in report for May 12, 1886, it having been shown that the deduction should be \$2.32 instead of \$2.58, and that the difference should be remitted.				
		A review of the case, dated May 12, 1886, shows that the deduction should be \$2.20 instead of \$1.98, therefore deduct.....		\$0 22

			Fines.	Deductions.
		Only three times a week service between Antonio and Espanola (91.30 miles) from Jan. 1 to 16, Feb. 19 to 27, and March 21 to 31, 1886, and no service performed between same points Jan. 17 to Feb. 6, Feb. 9 to 18, and Feb. 28 to March 20, 1886.		\$1,447 85
		Leadville: Failed to arrive and depart Jan. 24, 25, 26, 31, Feb. 1, 2, 3, to arrive Jan. 30, and to depart Feb. 4, 1886.		136 64
		Failed half trip Jan. 3, 1886.		122 00
		Alamosa: Failed to arrive and depart Jan. 2, 5, 20, 1886.		23 85
		Del Norte: Failed to arrive and depart Jan. 2, 5, 20, 22, 30, Feb. 15, 1886.		
		Failed round trip Jan. 20, 21, 22, 26, and half trip Jan. 23, 25, 27, 28, 29, 1886.		14 04
Remit \$2 59 of the deduction noted in report for April 21, 1886, it appearing upon a revision of the case dated April 21, 1886, and the reports of the postmasters at Knoxville and Oliver Springs that the deduction of \$40.21 is excessive, and that a remission of \$2.59 should be made.				
Remit 1 17 of the deduction noted in report for April 27, 1886, it having been shown by the certificate of the subcontractor, indorsed by the postmaster at Vale Mills, Tenn., that the carrier failed one mile each way March 31, 1886.				
Remit 94 of the deduction noted in report for April 27, 1886, it having been shown by the certificate of the subcontractor, indorsed by the postmaster at Jingo, Tenn., that the failure of January 12, 1886, was 14 miles each way.				
Remit 1 64, the deduction noted in the report for April 19, 1886, it having been shown by the registers of arrivals and departures of postmaster at Huntsville that the carrier proceeded from that office March 4 18 miles and returned, and by a certificate of postmaster at Madisonville (received this date) that another carrier on same date proceeded 10 miles and returned to that office, so that March 4 the entire trip was actually made.				
Remit 8 51 of the deduction noted in report for January 29, 1886, it having been shown by certificates of postmasters and corrected registers from terminal points, also affidavits of carriers, that the failures of December were not caused by neglect, and that the mail left Salina January 1, instead of December 31, and that there was no failure December 1, and that the trip missed December 22 was performed subsequently.				
		For failing and refusing to perform the service according to the schedule, and on schedule time.	\$25 00	
		Ordered to be discontinued from April 19, 1886, Earls-ville, failed to arrive and depart April 1, 6. Mechum's River failed to arrive and depart April 3, 1886.		\$2 52
		For failure and refusal on the part of the carrier to deliver the mail at Walnut Grove on schedule time, retaining the same at his house over night and thus delaying the delivery at that office 12 hours, from April 1 to May 25, 1885.	15 00

Remit \$1 85 of the deduction noted in report for April 16, 1886, it having been shown by the inclosed certificate of the late postmaster at Smithfield that service was performed March 3, 4, 5, 6, 1886.

Remit 5 55 of the deduction noted in report for May 3, 1886, it having been shown by certificate of postmasters at terminal points that there were no failures in February and only one trip missed in January, viz, 8, 9.

Remit 1 80 of the deduction noted in report for May 6, 1886, it having been shown by certificate of postmaster at Elk that service was performed on part of route, Elk to Elmdale, 13 miles, January 9.

Remit 62 of the deduction noted in report for May 3, 1886, it having been shown by evidence since received that the carrier performed 2 miles of the service January 9 and about 4 miles February 5, in all 6 miles both ways.

Remit 42 90 of the deduction noted in report for April 16, 1886, it having been shown by a restatement of the case, based upon affidavits of Ferd Eiring, Worden Grigsby, and James Brown, employes, together with one from the postmaster at Rico, Colo., that the deduction should be \$65.85 instead of \$67.14 (a difference of \$1.29); and further, that every possible effort was made to overcome the difficulties of passage through the deep snows in the mountains from January 18 to February 2, 1886, and to push the mails forward.

their pay, and fines and forfeitures remitted—Continued.

Date of delinquency.	Place of delinquency.	Nature of delinquency.	DECISION.	
			Fines.	Deductions.

Remit \$9 81 of the deduction noted in report for May 20, 1886, it having been shown by certificate of postmaster at Eureka that service was performed in March, 1886, with the exception of one round trip March 30, 1886.

Remit 59 50, the fine noted in report for Jan. 27, 1886, it having been shown by the affidavits of T. A. Switz, and G. M. Beach, manager of the C., C., C. & I. Rwy Co., that the failures of trains Nos. 1 and 5 to connect with depending mails at Cincinnati Ohio, during October and November, 1885, were due to waiting on delayed trains of L. S. & M. S. Rwy. Co. at Cleveland Ohio, and to other causes beyond the control of the company.

Mar. 31, 1886.....	Bristol.....	Failure to arrive.....	}	\$155 27
Mar. 30, 31, 1886.....	Chattanooga.....	Failure to arrive and depart..		
.....		Failed to run R. P. O. cars both ways between Knoxville and Chattanooga (111.20 miles) March 30, 31, 1886.		30 46

Remit \$1 96 of the deduction noted in report for April 10, 1886, it having been shown that service that should have been performed March 30 and 31, 1886, and for which deduction was made, was fully completed April 1 and 2, without detriment to the service in that month.

Remit 50 00 of the fine noted in report for February 3, 1886, it having been shown by the statement of H. Booth, post office inspector, that the failure to visit and supply Robbins Cross-Roads was pursuant to his instructions, to prevent the postmaster at that office, who had been arrested for rifling letters, from handling the mails.

Remit 1 97 of the deduction noted in report for April 28, 1886, it having been shown that the failures January 9 and February 13, 1886, were 4 miles each way.

Remit 1 98 of the deduction noted in report for April 28, 1886, it having been shown that the failures of January 9 and February 13, 1886, were 5 miles each way.

Remit 56 62 of the deduction noted in report for May 20, 1886, it having been shown by certificates of the postmasters at McElderry, Kentuck, and Buckeye, that the service was all performed during the quarter, except the following failures, viz: both ways on 7 miles January 11 and 14, and one round trip March 29, 1886.

Remit 2 23 of the deduction noted in report for April 27, 1886, it having been shown by certificates of postmasters at Parkersville and other offices on the route that the half trip reported as lost January 9 was performed on the 11th.

Remit 18 09 of the deduction noted in report for May 3, 1886, it having been shown by the certificate of the postal clerk on route 19097 that the failures were 29 miles each way January 12, 19, 26, and 6 $\frac{1}{2}$ miles each way March 31, 1886.

Remit 37 97 of the deduction noted in report for January 11, 1886, it having been shown by the affidavit of Joseph Hill, general superintendent of Terre Haute and Indianapolis Railroad Company, that the failures of train No. 6 to connect with depending mails at Indianapolis, Ind., October 5, 8, 29, 31, and November 16, 1885, were due to obstacles over which the company had no control, and that there was no negligence on the part of the company.

Remit 60 76 of the deduction noted in report for week ended October 10, 1885, it having been shown by the affidavit of Joseph Hill, general superintendent of the Terre Haute and Indianapolis Railroad Company, that the failures at Indianapolis, Ind., of train No. 6 to connect with depending mails July 29, 30, August 28, September 3, 5, 12, 14, 29, 1885, were due to obstacles over which the company had no control, and that there was no negligence on the part of the company.

Remit 741 95 of the deduction noted in report for May 24, 1886, it having been shown upon a re-examination of the case that the total deduction was erroneously stated as \$1,028.46, instead of \$286.51, the correct amount.

Remit 473 34 of the deduction noted in report for week ended May 9, 1885, it having been shown by the affidavit of G. B. Sheppard, corroborated by E. W. Warfield, superintendent Railway Mail Service, that the service was all performed at Nathrop, Colo., from December 16, 1884, to February 9, 1885, and between Nathrop and Saint Elmo from February 10 to March 31, 1885.

Remit \$177 65 of the deduction noted in report for week ended August 8, 1886, it having been shown by the affidavit of G. B. Sheppard, corroborated by the postmaster at Buena Vista, Colo., and E. W. Warfield, superintendent Railway Mail Service, that the service was all performed by closed pouch between Nathrop and Saint Elmo (17.11 miles) from April 1 to June 7, 1885.				
Remit 272 18 of the deduction noted in report for June 1, 1886, it having been shown upon a re-examination of the case that the total deduction was erroneously stated \$1,670.13 instead of \$1,397.95, the correct amount.

.....	Memphis	Failed to connect with depending mails Feb. 11, 12, 25; Mar. 1, 5, 31, 1886.	\$9 60	
.....		Failed one way between Schwander's and Saint Elmo (20.50 miles), Jan. 19, 20; between Hortense and Saint Elmo (11.3 miles), Jan. 23; between Parlin and Castleton (26.92 miles), Jan. 11, 12, 18, 19; Feb. 1, 2, 12, 13, 16, 17; and both ways between the same points, Jan. 2, 4, 6, 7, 9, 14, 16, 20, 21, 22, 26, 28, 30; Feb. 3, 5, 8, 11, 15, 18, 20, 22, 24, 26; Mar. 1, 3, 5, 8, 10, 11, 12, 15, 17, 19, 22, 24, 26, 29, 31, 1886. No service performed between Saint Elmo and Parlin (36.30 miles) from Jan. 5 to Mar. 31, 1886.		\$692 16

Remit \$1 18 of the deduction noted in report for April 23, 1886, it having been shown by the certificate of the postmasters at Houstonville and Harmony, N. C., that the carrier failed on 21½ miles each way January 4, 5.

.....	Plum Valley	Supplied three times a week only from Oct. 1, 1882, to Sept. 30, 1885; distance saved by omitting office was 6 miles.		\$162 33
-------	-------------------	---	-------	----------

Remit \$0 46 of the deduction noted in report for January 18, 1886, it having been shown by the affidavit of the subcontractor, under the seal of the clerk of Surry County court, North Carolina, that the failures on November 7 and 9, 1885, were 5 miles each way, and on October 29, 1885, was 15 miles each way.

Remit 6 50, the fine noted in report for April 20, 1886, it having been shown that the failures at Richford, Vt., to connect with depending mails February 2, 13; March 2, 1886, were due to waiting on delayed trains of another company, and not to negligence on the part of the Southeastern Railway.

Remit 164 28, the deduction noted in report for week ended October 31, 1885, it having been shown that the failures of July 1, 2, 3, 4, 7, 8, 9, 10, 1885, were caused by washouts, and that the company made every effort to perform the service, and by the statement of Superintendent Warfield, dated June 7, 1886, that all of the delayed mails were subsequently carried by the company.

Remit 260 11, the deduction noted in report for week ended August 1, 1885, it having been shown that the failures of service during April and May, 1885, were caused by unusual rainfalls, which washed out the road-bed, bridges, and culverts, and that the company made every effort to perform the service, and, by the statement of Superintendent Warfield, that all of the delayed mails were subsequently carried by the company.

Remit 25 00 of the fine noted in report for April 20, 1886, it having been shown upon inquiry of the contract office that it would increase distance 60 miles to supply Loring with no additional pay.

Remit \$12 68 of the deduction noted in report for week ended October 31, 1885, it having been shown by the affidavit of T. M. Bates, superintendent of transportation of the Chicago and Alton Railroad Company that the failure of train No. 48 to connect with depending mails at Kansas City, Mo., September 2, 1885, was caused by obstacles over which the company had no control, and that there was no negligence on the part of the company.				
Remit 1 19 of the deduction noted in report for January 18, 1886, it having been shown by a revision of the case of January 14, 1886, that the amount of remission should have been \$1.65 instead of \$0.46.				
Remit 6 37, the deduction noted in report for May 20, 1886, it having been shown by register of arrivals and departures received for month of March that the service was performed during that month.				
Remit 6 30, the deduction noted in report for May 18, 1886, it having been shown that the failures of March 30, 1886, was caused by landslide, and that the delayed mails were carried by the trains of the company and delivered March 31, 1886.				
Remit 10 16, the deduction noted in report for April 7, 1886, it having been shown that the failures of January 22, 23, 1886, were caused by snow-drifts, and that the delayed mails were carried on subsequent trains of the company.				
Apr. 6; May 8, 13, 1886..... Failure on 8½ miles each \$2 33				
Remit \$0 22, the deduction noted in report for April 29, 1886, it having been shown by corrected report of postmaster that no failures occurred.				
Remit 198 71 of the deduction noted in report for April 20, 1886, it having been shown that the failures at Cincinnati, Ohio, of train No. 5, January 6, 7, 8, 9, 10, 11, 12; February 5, 6, 13; March 3; and No. 7, January 4, 10, 11, 12, 13, 14, 15, 16, 17, 24, 25; February 5, 11, 17, 20, 21, 27; March 2, 3, 22, 1886, to connect with depending mails, were caused by obstacles over which the company had no control, and that there was no negligence on the part of the company.				
Remit 697 20 of the deduction noted in report for April 20, 1886, it having been shown that the failures at Indianapolis, Ind., of train No. 1, January 5, 6, 7, 9, 10, 11, 12, 15, 30; February 2, 3, 4, 5, 6, 14, 16, 17, 18, 20, 21, 26, 27; March 3; and No. 7, January 11, 1886, to connect with depending mails, were caused by obstacles over which the company had no control, and that there was no negligence on the part of the company.				
Apr. 24; May 17, 1886 On the route..... Failure 1 trip each..... \$0 48

Remit \$3 91 in lieu of remission noted in report for June 16, 1886, it having been shown by the revision of the case of June 16, 1886, that the remission granted was erroneous and should have been \$3.91 instead of \$5 21, by reason of failure of January 15-16.				
Remit 267 00 of the fine noted in report for April 21, 1886, it having been shown by the affidavits of S. H. Church, superintendent of transportation of the Pennsylvania Company, that the failures of train No. 2, January 9, 10, 11, 12, 18, 24; March 15; and No. 6, January 9, 10, 11, 1886, to connect with depending mails at Pittsburgh, Pa., were caused by obstacles over which the company had no control, and that there was no negligence on the part of the company.

			Fines.	Deductions.
Remit \$1,899 25		of the fine noted in report for April 6, 1886, it having been shown by the affidavit of P. P. Wright, general superintendent Lake Shore and Michigan Southern Railroad Company, that the failures to connect with depending mails at Chicago of train No. 1, December 7, 8, 18, 1885; January 21; March 2, 1886; No. 3, November 7, 14, 18; December 14, 19, 1885; January 22; February 5, 17, 20; March 2, 1886; No. 7, December 7, 21, 1885; February 13, 1886; No. 9, December 7, 1885; and at Buffalo, of No. 2, January 10; No. 4, January 11, 12; No. 8, January 11; No. 14, January 9; February 4, 5, 12, 25, 27; and March 3, 1886, were due to obstacles over which the company had no control, and to no negligence on the part of the employés.		
Remit 7 02		of the deduction noted in report for April 6, 1886, it having been shown upon re-examination of the case that the failure to run railway post-office car on train No. 3, November 17, 1885, was one way between Erie and Cleveland (95 miles) and that the service was performed between Buffalo and Erie (88 miles) on that date.		
Remit 49 50		of the deduction noted in report for April 22, 1886, the Assistant Attorney-General of the Post-Office Department, having decided under date of June 18, 1886, that the facts in this case do not justify the deduction made April 22, 1886, and advises the remission of the same.		
Remit 6 75		of the fine noted in report for April 23, 1886, it having been shown that the failures of train No. 6 to connect with depending mails at Indianapolis, Ind., February 12, and March 9, 1886, were caused by high water and waiting on delayed trains of other roads at Vincennes, Ind., and that there was no negligence on the part of the company.		
Remit 3 75		of the fine noted in report for January 22, 1886, it having been shown that the failures of train No. 7 to connect with depending mails at Indianapolis, Ind., July 22, 1885, were due to a washout and heavy rains, and that there was no negligence on the part of the company.		
Remit 11 31		of the deduction noted in report for April 11, 1885, week ended. It having been shown that on February 9 and 10, 1885, the company performed 53.78 miles more service one way than it was credited with.		
Jan. 28, 1886.....	Manchester.....	Failure to arrive and depart..	}	\$2 84

May 1 to December 31, 1886 ..	Between Necedah Junction (n. o.) and Den ster (740 miles).	do		212 16
Remit \$15 62		of the fine noted in report for April 24, 1886, it having been shown that the failure of train No. 1 to connect with depending mails at Chicago, Ill., on February 2, 1886, was primarily due to waiting two hours and twenty-three minutes on delayed trains of the Pennsylvania Railway, at Pittsburgh, Pa., and that there was no negligence on the part of the company; and by a re-examination of the report of the postmaster at Chicago that train No. 7 missed no connections on January 11, 1886.		
Remit 9 31		of the deduction noted in report for week ended April 11, 1885, it having been shown that there was an aggregate of 94.71 miles more service performed on way February 9, 16, and 17, 1885, than the company was credited with.		
Remit 5 00,		the deduction noted in report for April 9, 1886, it having been shown that every effort was made to carry the mail through (but was prevented by obstructions over which the carrier had no control) on the dates for which deductions were made.		
Remit 22 85		of the deduction noted in report for May 19, 1886, it having been shown that full service was performed to and from the office at Tollett during the first quarter of 1886, except failure on round trip March 31, 1886.		
Remit 6 12,		the deduction noted in report for May 19, 1886, it having been shown that service was fully performed to and from the office at Tollett, Tenn., during the first quarter of 1886.

July 2, 4; Nov. 26, 1885.....	Malcom	do		
Remit \$5 40	of the deduction noted in report for May 12, 1886, it having been shown by the affidavit of the carrier and the certificate of the postmaster at Warrior that the failures were caused by high water, which prevented complete performance of the service, and that the failures were not the fault of the contractor or carrier.			
Remit 1 57	of the deduction noted in report for April 12, 1886, it having been shown that service was performed to Salem on the 12th of March, and returned on the 13th, a distance of 21 miles and back.			
Remit 80 28	of the deduction noted in report for April 27, 1886, it having been shown by affidavits of postmasters at Sheridan and Shibboleth that, with the exception of five days, carriers were continuously on the road, endeavoring to make regular trips, and that all delays and failures were caused by severe snow-storms and snow-drifts.			
Remit 14 68	of the fine noted in report for April 24, 1886, it having been shown that the failures of train No. 7 to connect with depending mails at Indianapolis, Ind., January 8, 12, 16, March 17, 1886, were caused by delayed trains of the Louisville and Nashville Railroad Company at Louisville, Ky., and by obstacles over which the company had no control.			
Remit 17 00,	the fine noted in report for April 26, 1886, it having been shown that the failures to connect with depending mails at Benton Harbor, Mich., January 11, February 6, 1886, were caused by waiting on delayed trains of the Cleveland, Columbus, Cincinnati and Indianapolis Railroad Company at Anderson, Ind., and that there was no negligence on the part of the company or any of its employes.			
Remit 100 00,	the fine noted in report for May 14, 1886, it having been shown that the company supposed that it acted in accordance with instructions from this office (letter "J. N. D." dated December 16, 1885) in refusing to slacken speed of train, and exchange mails with the post-office at Montana, Ark.			
Remit 1 07	of the deduction noted in report for week ended April 25, 1885, it having been shown that the company ran its train and carried the mail from DeWitt to Western (15.67 miles) December 31, 1884.			
In first quarter, 1886.....	On the route	Failure of two trips.....		\$3 22
Apr. 11 to May 20, 1886.....	do	Failure to perform service.....		6 58
Remit \$17 04,	the deduction noted in report for April 24, 1886, it having been shown that a proper effort was made to perform the service January 11 and 12, but because of high water trips could not be completed, and that, March 23, 24, 25, 26, four bridges were torn up on the route for repairs, rendering travel impossible.			
Remit 115 75	of the deduction noted in report for week ended October 24, 1885, it having been shown that the failure to connect with depending mails at Brunswick, on August 11, was caused by waiting on delayed trains of the Savannah, Florida and Western Railroad Company at Jesup, Ga., and that there was no negligence on the part of the company, and by the affidavits of J. H. Garner, master of transportation, and B. N. Rice, master of transportation for the East Tennessee, Virginia, and Georgia Railroad Company, that the company ran its trains and performed all the service, except both ways between Jesup and Brunswick (42.65 miles) on September 27, 28, 29, 30, 1885 (an aggregate of 341.20 miles).			
Remit 67 50	of the deduction noted in report for week ended January 9, 1886, it having been shown that the failures at Chicago to connect with depending mails of train No. 2, November 3, and No. 4, October 1 and December 10, 1885, were due to waiting on delayed trains of the Vandalia line at Effingham, Ill., and that there was no negligence on the part of the employes of the company.			
Remit 97	of the deduction noted in report for June 21, 1886, it having been shown, upon a re-examination of the calculation in the case, that the deduction should be \$211.19 instead of \$212.16.

Date of delinquency.	Place of delinquency.	Nature of delinquency.	DECISION.	
			Fines.	Deductions.
Remit \$6 84, the deduction noted in report for May 12, 1886, it having been shown that all the partial failures charged were due to unprecedentedly high waters, rendering the complete performance of the service January 12, 15, and March 30, 31, 1886, practically impossible, though the carrier made every proper effort to complete the trips.				
Remit 7 46, the deduction noted in report for May 5, 1886, it having been shown that the failure to perform half trip January 22, 23, 1886, was caused by a snow blockade, hard wind, and extreme cold; that every effort possible was made to perform the service, and that all the delayed mails were carried as soon as it was possible to run the trains.				
Remit 2 74, the deduction noted in report for week ended July 25, 1885, it having been shown that the company ran its trains and performed a round trip June 13, 1885, and that the failure to carry the mails was due to the fact that the postmaster at Saint Hiliare failed to have it ready for delivery to the company in time for the departure of the train.				
Remit 248 88 of the deduction noted in report for May 7, 1886, it having been shown that the failures at Nemaha City to arrive and depart January 4, 5, 7, 8, 9, 22, 23, and at York to arrive and depart January 4, 5, 6, 7, 8, 9, 11, 22; to arrive January 23, 28, and to depart January 24, 29, 1886, were due to snow blockade, and that the delayed mails were carried by subsequent trains of the company.				
Remit 1 86 of the deduction noted in report for May 3, 1886, it having been shown by a corrected register of the arrivals and departures received from the postmaster at Plum Bayou, since the date of the case, May 3, 1886, that there was an arrival January 19, and a departure January 20.				
Remit 3 92, the deduction noted in report for May 5, 1886, it having been shown by the affidavit of L. B. Rock, superintendent of the northern division of the Chicago, Milwaukee, and Saint Paul Railway, that the failures of January 22 and 23, 1886, were caused by snow blockade, hard winds, and extreme cold; that every possible effort was made to perform the service, and that all the delayed mails were carried as soon as it was possible to run the trains.				
Remit 6 76, the deduction noted in report for May 5, 1886, it having been shown by the affidavit of J. H. Lakey, superintendent of the Wabasha and Chippewa Valley and Superior Division of the Chicago, Milwaukee, and Saint Paul Railway, that the failure of January 22, 1886, was caused by snow blockade, and unavoidable; and that all of the delayed mails were carried as soon as possible.				
Remit 37 08 of the deduction noted in report for May 6, 1886, it having been shown that the mail due to arrive at Zumbrota at 8.30 p. m., January 23, arrived on the 24th, (Sunday) at 12.15 a. m.; that the failure at Wabasha to arrive and depart January 4, 5, 9, 22, and to arrive January 11; and at Zumbrota, to arrive and depart January 4, 9, 22, to arrive January 8, and to depart January 11, 1886, were due to snow blockades, and unavoidable, and that all of the delayed mails were carried as soon as possible.				
Remit 27 60 of the deduction noted in report for May 6, 1886, it having been shown that the failures of January 4, 7, 8, 9, 21, 22, 23, 1886, were caused by the extreme cold and stormy weather which blockaded the road; that every possible effort was made to keep the road open, and that all delayed mails were promptly forwarded as soon as it was possible to run the trains.				
Remit 33 11 of the deduction noted in report for May 7, 1886, it having been shown that the failures at Crete to arrive and depart January 4, 8, 22, 27, and at Beatrice to arrive and depart January 8, 22, and to depart January 5, 1886, were due to snow blockade, and that the delayed mails were carried on subsequent trains; and that on January 23, a failure at Crete to arrive was erroneously charged.				
Remit 93 87 of the deduction noted in report for May 7, 1886, it having been shown that the failures to arrive and depart at York January 4, 5, 6, 7, 8, 9, 11, 22, to arrive January 12, 16, 24, and to depart January 28, and at Central City to arrive and depart January 4, 5, 6, 7, 8, 9, 11, 12, 22, to depart January 16, 23, 26, 1886, were due to snow blockade, and that the delayed mails were carried on subsequent trains of the company.				
Remit 249 20 of the deduction noted in report for May 8, 1886, it having been shown that the failures at Beatrice to arrive and depart January 4, 22, to arrive January 5, 7, and at Red Cloud to arrive and depart January 4, 5, 6, 7, 8, 9, 22, 1886, were due to snow blockade, and that the delayed mails were carried on subsequent trains of the company.

their pay, and fines and forfeitures remitted—Continued.

Date of delinquency.	Place of delinquency.	Nature of delinquency.	DECISION.	
			Fines.	Deductions.

Remit \$4 60, the deduction noted in report for April 30, 1886, it having been shown by certificates of postmasters at Julian, Brock, and Nebraska City, that the failures of January 9, 12, 16, 19, were on 2 miles only, and that carrier was prevented from completing his trips on said dates by snow storms and drifts.

Remit 15 97 of the deduction noted in report for April 7, 1886, it having been shown by affidavits of clerks of steamboats that the failures to connect at Louisville February 19, 23, were caused by wind, fog, and coal and tow boats being in the way and not by any fault of contractor.

Remit 2 80, the deduction noted in report for May 7, 1886, it having been shown that the failures of January 9, 22, 1886, were caused by snow blockades, high winds and extreme cold weather; that every effort was made to perform the service, and that the delayed mails were forwarded to destination at the earliest opportunity.

Remit 166 50 of the deduction noted in report for May 8, 1886, it having been shown that the failures of round trips January 4, 5, 6, 7, 8, 9, 11, 12, 16, 22, 23, 27, 28, 29, and at Beatrice to arrive and depart January 13, 14, 1886, were due to snow blockade, and that the delayed mails were carried on subsequent trains of the company.

Remit 43 74, the deduction noted in report for May 8, 1886, it having been shown that the failures to arrive and depart January 4, 5, 7, 8, 9, 11, 12, 15, 22, to arrive January 23, 27, 29, and to depart January 21, 26, 28, and at Tobias to arrive and depart January 4, 5, 7, 8, 9, 11, 12, 13, 15, 22, 29, to arrive January 21, 26, 28, and to depart January 23, 27, 1886, were due to snow blockade, and that the delayed mails were carried on subsequent trains of the company.

Remit 14 19 of the deduction noted in report for May 10, 1886, it having been shown that the failures of round trip January 4, 7, 8, at Kenesaw, to arrive and depart January 9, to arrive January 11, and at Kearney to arrive January 10, and to depart January 5, 1886, were due to snow blockade, and that the delayed mails were carried on subsequent trains of the company.

Remit 4 64, the deduction noted in report for May 6, 1886, it having been shown that the failures of January 4, 9, 1886, were caused by severe snow and sleet storm accompanied by high winds which prostrated and disabled telegraph-wires and blockaded the track, and that the mails thus delayed were forwarded to destination at the earliest opportunity.

Remit 4 65, the deduction noted in report for May 6, 1886, it having been shown that the failures of January 9, 11, 22, 23, 1886, were caused by snow blockade, high winds and extreme cold, that the company made every effort to perform the service, and that the delayed mails were forwarded to destination at the earliest opportunity.

Remit 2 00, the deduction noted in report for April 28, 1886, it having been shown by the certificate of the postmaster at Centre Point, Tenn., that failure to make connections at Centre Point was caused by the failure of mail on route 19,501 to arrive on time.

June 19, 1886	On the route	Failure to perform service	\$0 29
.....do	do	do	36

Remit \$28 95, the deduction noted in report for May 1, 1886, it having been shown that the failures of round trip January 5, and half-trip January 6, 1886, were occasioned by land slides, caused by excessive rains; that the company made every effort to perform the service, and that the delayed mails were subsequently carried through and safely delivered.

Remit 4 21 of the deduction noted in report for April 29, 1886, it having been shown that the failure at Corning, N. Y., to arrive January 4, 1886, was occasioned by land slides caused by excessive rains, that the company made every effort to perform the service, and that the delayed mails were subsequently carried through and safely delivered.

Remit 18 26 of the fine (\$77.60), and the whole of the deduction (\$54.76), noted in report for May 11, 1886, it having been shown by the affidavit of W. J. Underwood, Division Superintendent of the Chicago, Milwaukee and Saint Paul Railway Company, that the failures at Sioux City to connect with depending mails March 27, 29, 30, and 31, were caused by washouts, and that there was no negligence on the part of the company; and that the failures to arrive and depart from Sioux City January 8, March 22, 23, 24, 25, 26, 1886, were caused by snow blockade and washouts, and that the delayed mails were carried through as soon as it was possible to run the trains.

Remit \$1 58, the deduction noted in report for April 20, 1886, it having been shown that in consequence of heavy snow drifts it was impossible to perform the trip of January 9, 1886.

Remit 58 00 of the deduction noted in report for April 20, 1886, it having been shown that the failure of February 20, 1886, was only over 15½ miles, instead of 22½ miles.

Remit 1 42, the deduction noted in report for April 20, 1886, it having been shown that on January 9, 1886, the roads were impassable on account of snow, and that the carrier made every effort to perform the trip.

Remit 2 57 of the deduction noted in report for April 20, 1886, it having been shown that on January 11 the roads were impassable on account of deep snow, and that on March 26 the partial failure was caused by high water.

Remit 1 50 of the deduction noted in report for April 20, 1886, it having been shown that the partial failures of January 9, 11, 12, 13, 1886, were unavoidable and caused by deep snow.

Remit 1 09, the deduction noted in report for April 20, 1886, it having been shown that on January 9, 1886, the larger portion of the trip was performed and that it was impossible on account of deep snow to complete the trip.

Remit 2 82, the deduction noted in report for April 20, 1886, it having been shown that the carrier made an effort to perform the trip of January 9 and 11, 1886, and that he was prevented from doing so by deep snow.

Remit 1 46, the deduction noted in report for April 21, 1886, it having been shown by the certificates of the postmasters at Woodview and Andrews that on January 16, 1886, the carrier actually went over 4 miles of the route and was unable to complete the trip in consequence of the impassable condition of the roads.

Remit 1 56, the deduction noted in report for April 21, 1886, it having been shown that the trip of January 12 was completed on January 13.

Remit 2 16, the deduction noted in report for April 21, 1886, it having been shown that the failure of January 9, and the partial failure of January 12, 1886, were caused by snow drifts, rendering the roads impassable.

Remit 5 69, the amount of the deduction noted in report for April 22, 1886, it having been shown that the roads were in such condition that only one-half the service could be performed over 16 miles of the route on the dates when failures were charged.

Remit 79 of the deduction noted in report for Apr. 24, 1886, it having been shown that the registers from postmaster at Mount Vernon for January incorrectly failed to note the fact that on January 15 the carrier performed one-third of the whole trip and back.

July 3; Nov. 8, 9; Dec. 11, 12, 26, 1885.	Failure half trip		\$13 24
Apr. 26 to 30, and May 27 to June 9, 1885.	Failure to perform service	}	63 87
Oct. 7, 1885	Failure round trip		
Jan. 7, 8, 9, 22; Feb. 2, 3, 4, 1886.	do	}	37 28
Jan. 10; Feb. 5, 1886	Failure half trip		

Remit \$4 04, the deduction noted in report for April 22, 1886, it having been shown that the failures of June and March, 1886, were caused by snow blockade and high water, and that in each the trip was attempted.

Remit 1 24, the deduction noted in report for April 22, 1886, it having been shown that the trip of January 9, 1886, was prevented by snow blockade, and that the carrier made an attempt to perform the trip and proceeded two miles.

Remit 7 92, the deduction noted in report for April 22, 1886, it having been shown that the failures from the 9th to 16th of January, 1886, were caused by snow blockade, and that the carrier made one round trip during that period, which took three days, and made every effort possible to perform service.

their pay, and fines and forfeitures remitted—Continued.

Date of delinquency.	Place of delinquency.	Nature of delinquency.	DECISION.	
			Fines.	Deductions.
Remit \$3 32,		the deduction noted in report for April 22, 1886, it having been shown that on January 9, 11, 1886, the roads were absolutely impassable on account of drifted snow.		
Remit 1 69,		the deduction noted in report for April 23, 1886, it having been shown that on January 9, 12, 1886, the roads were impassable on account of drifted snow and that the carrier went as far as was possible.		
Remit 2 54,		the deduction noted in report for April 23, 1886, it having been shown that on January 9 to 12, 1886, the roads were impassable by reason of drifted snow.		
Remit 5 56,		the deduction noted in report for April 23, 1886, it having been shown that on January 11, 12, 1886, the roads were impassable on account of drifted snow.		
Remit 2 38,		the deduction noted in report for April 26, 1886, it having been shown that every effort was made by the carrier to perform the service for which deduction has been made, impassible roads being the cause of failure.		
Remit 10 00,		the fine noted in report for January 23, 1886, it having been shown that the failures at Pittsburgh, Pa., of train No. 6 to connect with depending mails November 22 and December 8, 1885, were caused by land-slide, and waiting on delayed trains of the Buffalo, New York, and Philadelphia Railroad Company, at Oil City, Pa., and that there was no negligence on the part of the company.		
Remit 3 216,		the deduction noted in report for May 7, 1886, it having been shown that the failures to January 8, 9, 16, 22, 1886, were due to snow storms and winds which prevented the running of trains, and that the delayed mails were carried to destination by subsequent trains of the company.		
Remit 8 70,		the deduction noted in report for May 7, 1886, it having been shown that the failures of January 22, 23, 1886, were caused by snow storms and extreme cold weather, making the running of trains impossible, and that the delayed mails were carried by subsequent trains of the company.		
Remit 18 84,		the deduction noted in report for May 7, 1886, it having been shown that the failures of January 8, 9, 11, 15, 16, 22, 23, 1886, were caused by snow storms accompanied by strong winds, which drifted the snow and rendered it impossible to run the trains, and that the delayed mails were carried by subsequent trains of the company.		
Remit 4 94,		the deduction noted in report for May 7, 1886, it having been shown that the failure to perform (service) round trip January 22, 1886, was occasioned by extreme cold weather and snow drifts which prevented the running of trains, and that the delayed mails were carried by subsequent trains of the company.		
Remit 292 00,		the deduction noted in report for—		
Remit 292 00		the fine noted in report for week ended August 1, 1885; it having been shown that the sum \$292.00, the amount lost through the carelessness of the company's agent at Pottsboro, Tex., March 5, 1885, has been transmitted to the Department by the father of said agent.		

REVENUE TAXES ILLEGALLY COLLECTED.

L E T T E R

FROM

THE SECRETARY OF THE TREASURY,

TRANSMITTING

A schedule of claims for refunding internal-revenue taxes illegally collected, re-examined and certified by the First Comptroller, as required by the deficiency act of August 4, 1886, (24 Stat., pp. 289 and 298).

DECEMBER 9, 1886.—Referred to the Committee on Appropriations and ordered to be printed.

TREASURY DEPARTMENT, *December 8, 1886.*

SIR: In compliance with the requirement of the deficiency act of August 4, 1886 (24 Stat., pp. 289, 298), that the claims for refunding internal-revenue taxes illegally collected therein excepted, numbered 46050, 47381, and 47413, as reported in House Ex. Doc. No. 70, and 48191, 48281, and 48282 [48242], in House Ex. Doc. No. 225, Forty-ninth Congress, first session, be re-examined by the proper accounting officers of the Treasury and certified anew as to the sums due and to whom due respectively by name as non-resident aliens entitled to refunding of taxes collected prior to July 1, 1883, I have the honor to transmit herewith a schedule of said claims as certified by the First Comptroller.

Respectfully, yours,

D. MANNING,
Secretary.

The SPEAKER OF THE HOUSE OF REPRESENTATIVES.

		do		22 05

* The said railroad company paid to the United States as tax on the dividends on stock owned by non-resident aliens \$19,465.48, for which it claims the refund, as being illegally collected.

The Commissioner of Internal Revenue ascertained the amount of tax legally due on that portion of the dividends declared from February 20, 1863, to February 20, 1866, that accrued on the stock that was owned by citizens of the United States and resident aliens. The amount so found was deducted from the entire amount paid by the railroad company as tax on their entire dividends for said period, and the remainder, viz, \$9,275.82, was allowed to the railroad company, as so much paid in excess of the amount legally due from it.

Refunding taxes illegally collected prior to July 1, 1883—Continued.
